Chief National Commissioner
Bharat Scouts & Guides
India & Jamboree Chief

It is a matter of great happiness that the 17th National Jamboree of the Bharat Scouts & Guides is being held at Mysuru, Karnataka State with a Theme "Together for Better Tomorrow" in which about 25000 Scouts. Guides, Rovers and Rangers and Leaders from all over India and about 2000 participants from SAARC and other Asia-Pacific Regional big gathering of Scouts & Guides which provides an opportunity to the boys and girls to experience and to acquire firsthand knowledge of glorious past of Scouting, Guiding while interacting with fellow Scouts & Guides from various cultural backgrounds.

This event will also be a good opportunity for the young people to enjoy various indoor and outdoor activities and to see how Scouting / Guiding can bring credit to the organization in the years to come.

The Bharat Scouts and Guides organization is rendering yeoman service to the nation in developing the younger generation to mobilize the values of discipline, devotion to duty, service to others, patriotism and commitment to the cause of community.

I convey my heartiest good wishes to all the participants and hope that they will meet their expectations from the jamboree fully. I would like to extend a special word of encouragement and thanks to all the Scouts/Guides Leaders and Rovers/Rangers from National Headquarters, the Karnataka State Bharat Scouts & Guides and the various states who have been involved in planning and organizing of the Jamboree at various stages.

We are indeed grateful to Shri P.G.R Sindhia, State Chief Commissioner, Karnataka State, Bharat Scouts & Guides and its functionaries for its commitment to facilitate the Jamboree being made possible at Mysuru, especially for the supports that were entrusted with making infrastructure arrangements within a limited time frame.

Words will fail to express my deep sense of gratitude to Hon'ble Chief Minister of Karnataka Sri Siddaramaiahji and his team of Cabinet Ministers and Government Bureaucrats who have fully supported the Bharat Scouts & Guides to take up this challengeable task in successfully organizing the event in the State of Karnatake.

B.I. Nagarale, I.A.S. (Retd)

P.G.R. Sindhia's Message

State Chief Commissioner

While discussing about the Theme for 17 th National Jamboree we were very particular that it should reflect essence of Scouting & Guiding and it should be a guide for the future. Finally the committee adopted "Together for Better Tomorrow" as the Theme. This was suggested by Shri Nagesh Hegde.

Scouting and Guiding works for promoting brotherhood & Sisterhood, which means every one will be treated equally without any discrimination, will get equal opportunities, will share the difficulties, will face the challenges by working together.

Scouting and Guiding espouse Friendship, love, mutual appreciation of strengths and weaknesses, development of Leadership skills and the art of living happily with the Society. The Jamborees provide an opportunity for community living. Children dine together, dance together, play together. They forget all differences and understand the truth that all are one.

Today, the world is seized with social disruptions. Communities are divided over all and sundry issues. The war is snatching precious life, destroying everything built over past several centuries. The divide between the haves and have nots is widening with economic development. The Doctrine of Love, Peace and

togetherness is all the more relevant today than any other day in the history of the world. I recall the statement made by Baden Powell in one of the International Jamborees he attended. He had said "You are all Messengers of Peace". Please take the message of Peace, Brotherhood & Amity to your Country. Spread these messages to create a Peaceful world without wars".

To achieve these goals, we in India need to work hard closely with the present and future generations based on the sound Principles of Scouting and Guiding. Take Scouting and Guiding to the nooks and corners of the country by establishing the units.

In Karnataka, we have been working ceaselessly to expand our base. All government and Private schools have scout and Guide units. The Universities are responding positively. The basic activities are given more importance.

I am very grateful to National Head Quarters who gave us an opportunity to host 17th National Jamboree at Mysuru. In the past we have hosted two Jamborees, 3rd in 1960 and the10th in 1986, both at Bengaluru.

When discussed this proposal with Shri Siddaramaiah, Honourable Chief Minister of Karnataka, he readily agreed and provided all the support. Apart from financial and infrastructural support, he closely monitored and gave appropriate advises. Dr. H.C. Mahadevappa, Minister of Public works, took personal interest in organising the event. Other Ministers, the Government Officials, our Scout and Guide Leaders have all worked day and night to make the event a reality. I am thankful to each one Who have worked directly and indirectly for the success of the Jamboree.

ಸ್ಕೌಟ್ ಮತ್ತು ಗೈಡ್ ಚಳವಳಿ ವಿಶ್ವದ ಅತ್ಯಂತ ಮಹತ್ವದ ವ್ಯಕ್ತಿತ್ವ ವಿಕಸನ ಮತ್ತು ಸೌಹಾರ್ದ ಸಂಬಂಧದ ಚಳವಳಿ. ಅದರ ಮಹತ್ವಕ್ಕೆ ವಿಶೇಷ ಕಾರಣ, ಅದು ಪ್ರಧಾನವಾಗಿ ಮಕ್ಕಳನ್ನು ಸಭ್ಯ ನಾಗರಿಕರನ್ನಾಗಿ ರೂಪಿಸುವ ಮಣಿಹದಲ್ಲಿ ತೊಡಗಿರುವುದು. ಬಹುಶಃ ಜಗತ್ತಿನಲ್ಲಿ ಇಷ್ಟು ಪ್ರಮಾಣದ ಸದಸ್ಯತ್ವ ಹೊಂದಿರುವ ಬೇರಾವುದೇ ಸ್ವಯಂ ಸೇವಾ ಸಂಸ್ಥೆ ಇಲ್ಲವೆಂದು ಹೇಳಬಹುದು.

ಈ ಚಳವಳಿಯಲ್ಲಿ ಭಾರತ ಸ್ಕೌಟ್ಸ್ ಮತ್ತು ಗೈಡ್ಸ್‌ನ ಕರ್ನಾಟಕ ಶಾಖೆ ತನ್ನದೇ ಆದ ಅಭಿಮಾನ ಪೂರ್ಣ ಸ್ಥಾನಮಾನವನ್ನು ಪಡೆದಿದೆ. ಅದರ ಸಮರ್ಥನೆಗೆ ಸಾಕ್ಷಿ ಎಂಬಂತೆ ಇದೀಗ ರಾಷ್ಟ್ರೀಯ ಸ್ಕೌಟ್ಸ್ ಮತ್ತು ಗೈಡ್ಸ್ ಜಾಂಬೂರಿಯನ್ನು ನಡೆಸುತ್ತಿದೆ. ಇದು ಸಹಜವಾಗಿಯೇ ಕರ್ನಾಟಕಕ್ಕೆ ಹೆಮ್ಮೆ ಉಂಟುಮಾಡಿದೆ.

ನಮ್ಮ ಕರ್ನಾಟಕ ಸಂಸ್ಥೆಯ ಮುಖ್ಯ ಆಯುಕ್ತರಾಗಿರುವ ಶ್ರೀ ಪಿ.ಜಿ.ಆರ್. ಸಿಂಧ್ಯ ಅವರು ಈ ಚಳವಳಿಯ ವಿಸ್ತರಣೆಗಾಗಿ, ಘನತೆ-ಗೌರವಗಳಿಗಾಗಿ ಕೈಗೊಂಡಿರುವ ಬಹುಮುಖ ಕಾರ್ಯ ಚಟುವಟಿಕೆಗಳು ನಿಜಕ್ಕೂ ಹೃದಯ ತುಂಬಿ ಬರುವಂತಹವು. ಅವರ ಶ್ರದ್ಧಾಸಕ್ತಿಯ ಫಲವಾಗಿ ಈಗ ಮೈಸೂರಿನಲ್ಲಿ ನಡೆಯಲಿರುವ ರಾಷ್ಟ್ರೀಯ ಜಾಂಬೂರಿ ಅರ್ಥಪೂರ್ಣವಾಗಿ ನಡೆಯುವುದೆಂಬ ವಿಶ್ವಾಸ ನನಗಿದೆ.

ಈ ಪ್ರತಿಷ್ಠಿತ ಜಾಂಬೂರಿಯ ಸವಿನೆನಪಿಗೆ ವಿಶೇಷ ಸಂಚಿಕೆಯೊಂದು ಪ್ರಕಟವಾಗುತ್ತಿರುವುದು ಸಂಭ್ರೋಚಿತವಾಗಿದೆ. ಯೋಜಿತ ವಿಶೇಷ ಸಂಚಿಕೆ ಸ್ಕೌಟ್ ಮತ್ತು ಗೈಡ್ ಚಳವಳಿಯ ಒಂದು ಆಕರವಾಗಲೆಂದು ಹಾರೈಸುತ್ತೇನೆ.

ನಮ್ಮ ನಾಡಿನ ಸ್ಕೌಟ್-ಗೈಡ್ ಚಳವಳಿಗೆ ತಮ್ಮ ಮಕ್ಕಳನ್ನು ಕಳುಹಿಸಲು ತಂದೆ ತಾಯಿಗಳಿಗೆ ಈ ರಾಷ್ಟ್ರೀಯ ಜಾಂಬೂರಿಯಿಂದ ಒಂದು ಪ್ರೇರಣೆ ದೊರಕುವಂತಾಗಲಿ. ಸಾಂಸ್ಕೃತಿಕ ಇತಿಹಾಸದ ಮೈಸೂರಿನಲ್ಲಿ ನಡೆಯುವ ಈ ಜಾಂಬೂರಿ ಜಾಗತಿಕ ಸಂದೇಶ ನೀಡುವಂತಾಗಲಿ.

Kondajji Basappa

State Chief Commissioner (1964-1982)

17th National Jamboree

Sri Kondajji Basappa was closely associated with the Scout and Guide Movement for over four decades and worked in various capacities as Assistant District Commissioner, as District Commissioner of the Chitradurga Division and as State Secretary before he became the Chief Executive of the entire organisation as its State Chief Commissioner, which office he held with great distinction for the longest period from 1964 until his passing away in November 1982. As Assistant State Commissioner he was connected with organising and execuring a Scout Community Service scheme in the Chitradugra Division which was responsible for the construction of a road. As State Chief Commissioner over a period of Eighteen years, he of his best to the well-being of the Movement and for its many sided expansion in the present enlarged Stage of Karnataka. He endeared himself to one and all, Scouts and Guides, as well as the Adult leaders of the Movement and was Looked upon by every one as an outstanding and much respected leader of the Movement. When the State Association Celebrated his 60th Birth Anniversary in 1976 and collected funds to be presented to him to mark the occasion, he turned over the entire collection of over a lakh of rupees to the Movement to be utilized for the benefit of the Scouts and Guides in the State; a truly magnanimous act and a very generous gesture. Apart from bringing about an all-round development of Scouting and Guiding in the State, both in their numbers and in their standards of efficiency, he played a notable part in effecting improvements to the Camping and Training Centre at Besant Park near Dodballapur, which today enjoys the prestige of being one of the Finest camping Centres in the whole Country. He was solely responsible for creating an additional Camping Centre for the enlarged Stage of Karnataka, almost Centrally situated and being thus more easily reached by the Scouts and Guides of the northern districts of the State. This Centre, the Kondajji Camp which has become popular not only with Scouts and Guides, but also with holiday makers from the neighbouring towns of Harihar, Davangere and other Districts, a picnic spot with its own special scenic appeal.

Outside Scouts & Guide Movement, the Services of Sri Kondajji Basappa to the Public were quite impressive too. Very early in his career he became the President of the District Board, Chitradurga for three years and later served as a Member of the Board for another six years. He was a member of the Secondary Educational Board in the State for a term of six years and also served on the Syndicate of the University of Mysore from 1951 to 1960. He was for a term the General Secretary of the Pradesh Congress Committee and became a member of the Legislative Assembly when he was appointed as Deputy Minister for Co-operation. Later in 1971, he was elected to the Lok Sabha and served as Deputy Minister for Health an Family Planning in the Central Cabinet. He was the Founder - President of the Agriculature. Industrial and Commercial Co-operative Society in Davanagere and President of the Land Development Bank of Chitradurga and Davanagere Taluk for ten years. He also served in other organisations, as working Chairman of the Karnataka State Bharat Sevak Samaj, Samaj, as Chairman of the Karnatak State Handloom Advisory Board, the Karnatak State Warehousing Corporation, the Panchyat Raj Committee and the Sheep and Wool Development Committee. In all these organisations his services were of the highest order; truly an impressive record of his welfare activities in the State.

Sri Kondajji Basappa was actively involved in the founding of a Leprosy Hospital, the Mahatma Gandhi Lepresorium, about a kilometre from the Kondajji Camp on the same road. A pet project of his, yet to be realised, was the establishment of a Residential School, Jaladarshini Gnana Peeta on the model of the Public Schools on the large plot of ground adjascent to the Kondajji Camp on is eastern side, where in addition to Formal Education, Training in Crafts and Skills would also be available.

In the Public life of the State and in the Scout and Guide Movement, late Sri Kondajji Basappa was looked upon by every one as an able, much Respected and Esteemed Friend and a Sympathiser of all worthy causes. By his devotion to duty, he gathered round him many friends and admirers. His raise from a humble beginning to the of Union Minister is a matter of pride. His Sincerity and Concern for the needy is to be Emulated by the Younger Generation.

I extend my best compliments to the Bharat Scouts and Guides, Karnataka that is hosting the 17th National Jamboree at Mysuru between December 29, 2016 and January, 4, 2017. The Scouts movement in India is more than a century old, though it was consolidated on a national scale after the Independence.

Sri Robert Baden-Powell, the founder of the movement, subtitled his book "Scouting for Boys" (1908) as 'A Handbook for Instruction in Good Citizenship'. Through the various activities he planned for the scouts like camping, campaigning on land & sea, tracking, woodcraft, developing skills to save lives in accidents etc he wanted to inculcate the virtues of good citizenship. Patriotism is very important of Scouts movement. But scouting also helps one to become a person of discipline, industry and initiative. Scouting recognizes one's Duty of God, Duty to others and Duty to Self.

I wish Bharat Scouts and Guides all success in their future pursuits.

Scouting is a movment that aims to support young people in their physical, mental and spiritual strength. Here it is expected that they may play constructive role in society, with a strong focus on the outdoors and survival skills. Now a day, a lot of youngesters are facing problems due to lack of insight and self confidence. The scout mevement will create a sense of assurance and courage. Scouting is not only a physical exercise but it is a way to uplift the soul of a human being to reach to God.

I am glad to note that The Bharat Scout and Guides, Karnataka is going to celebrate 17th National Jamboree of Scouts from 29th Dec to 4th Jan 2017at Mysuru. Message

I am glad to know that the Bharat Scouts and Guides is going to organize 17th National Jamboree of Scouts and Guides in Mysuru from 29 December 2016 to 04 January 2017 on the theme 'Together for Better Tomorrow'.

Since its establishment, the Bharat Scouts and Guides has been rendering great service for the country. Its contribution in developing responsible citizens and enabling the youths to achieve their full potential deserves commendation. Through its Jamborees and various camps, the organization tries to develop among youths qualities such as trustworthinss, loyalty, spirit of fraternity, courtesy, courage and purity of thoughts in both words and deeds.

Jamboree provides the opportunity to exchange skills and to learn from each other's experience which is in keeping with the Indian spirit of 'Paraspar devo Bhava'. It is also an occasion where youths exhibit talent and develop leadership qualities and the spirit of mutual cooperation.

As the Former President of the Bharat Scouts and Guides, it is a proud moment for me that about 30 thousand scouts, guides, rovers, rangers and unit leaders from India and abroad are participating in the Jamboree.

I convey my heartiest best wishes to the participants and a big success for the publication of the souvenir on this occasion.

ವಿವಿಧ ಸಾಮಾಜಿಕ ಹಾಗೂ ಸಾಂಸ್ಕೃತಿಕ ಚಟುವಟಿಕೆಗಳ ಮೂಲಕ ಯುವಜನರಲ್ಲಿ ದೇಶಪ್ರೇಮ, ಸೇವಾ ಮನೋಭಾವ ಹಾಗೂ ನಾಯಕತ್ವದ ಗುಣಗಳನ್ನು ಅಭಿವೃದ್ಧಿ ಪಡಿಸುವಲ್ಲಿ ಈ ಜಾಂಬೂರಿಯು ಅತ್ಯಂತ ಸಹಕಾರಿಯಾಗಲಿದೆ. ಸ್ಕೌಟ್ಸ್–ಗೈಡ್ಸ್‌ಗಳಲ್ಲಿ ಶಿಸ್ತು, ಸ್ನೇಹಭಾವ ಮತ್ತು ನೈತಿಕ ಮೌಲ್ಯಗಳನ್ನು ಬೆಳೆಸಿಕೊಂಡು ಜವಾಬ್ದಾರಿಯುತ ನಾಗರಿಕರನ್ನಾಗಿ ರೂಪಿಸುವಲ್ಲಿ ಈ ಸಮಾರಂಭವು ಉತ್ತಮ ವೇದಿಕೆಯಾಗಿದೆ.

ಈ ಸಂದರ್ಭದ ಸವಿ ನೆನಪಿಗಾಗಿ ಸ್ಮರಣ ಸಂಚಿಕೆಯನ್ನು ಹೊರತರುತ್ತಿರುವುದು ಸಂತೋಷದ ವಿಷಯ. ಈ ಸ್ಮರಣ ಸಂಚಿಕೆಯು ಯುವಜನತೆಯಲ್ಲಿ ಮತ್ತು ವಿದ್ಯಾರ್ಥಿಗಳಲ್ಲಿ ಭಾವೈಕ್ಯತೆ, ದೇಶಪ್ರೇಮ ಮತ್ತು ಸಾಮಾಜಿಕ ಹೊಣಗಾರಿಕೆಯನ್ನು ಜಾಗೃತಗೊಳಿಸುವ ವೈಚಾರಿಕ ಲೇಖನಗಳನ್ನೊಳಗೊಂಡು ಸುಂದರವಾಗಿ ಮೂಡಿ ಬರಲಿ ಎಂದು ಶುಭ ಹಾರೈಸುತ್ತೇನೆ.

I know you will enjoy these seven days together and take every opportunity to live by your scout Promise and Law in this unique Jamboree city that you create.

Jamborees are unique part of Scouting and shared by man millions of people since the first Jamboree which was held at kensington Olympia in London in 1920. Whether you are a youth member, a leader or supporter I know you will remember this Jamboree for a long time. While they give us a chance to use our Scouting and Guiding skills and to learn new things, the favourite memories I have of the Jamborees I have attended are the great friends that I made from so many different parts of my country and others. Making new friends from different counries is one of the extra special parts of Scouting. I hope you make at least two new friends who live far away from you.

This theme of friendship will permeate your national jamboree as you work "Together for a Better Tomorrow". As Messengers of Peace we must all be activiely working together with others to build a better world, where each of us is recognised as individuasl with different strengths and abilities and by working together we can make things better for our environment and everyone in our community. I am happy to learn that the 17th National Jamboree of Scouts and Guides is being held at Mysuru from 29.12.2016 to 04.01 2017.

The Scouts and Guides movement has its own history encompassing learning opportunities in several activities including camping and outdoor activities, community service, community development projects, conduct of ceremonies, patrol and troop life. The movement has inspired hundreds and thousands of youngsters in the past by creating the right circumstances to be introduced to the real world, and by providing an opportunity to grow as a responsible individual in the society.

In a country like ours with unity in diversity, we look upon the selfless institutions like Scouts and Guides to demonstrate the importance of hard work, sincerity of purpose and service to others.

The Jamboree will foster fraternity among young Scouts & Guides through direct interaction. I have great pleasure in welcoming all the participants to the culturally vibrant and happening state of Karnataka. I am confident that this 17th National Jamboree will not only be a great 'get together' of Scouts and Guides from various parts of our country and abroad, but also will serve as a beacon for a new path of selfless service to our younger generation.

I am very happy to know that the 17th National Jamboree of Scouts and Guides is being held at Mysuru. I believe this is a great opportunity for each of the Scouts and Guides who are participating in the event to meet people from different parts of the country and the world, exchange ideas, make new friends and send out a message of 'unity in diversity'. A message that is of great importance in a world where people are too keen to erect walls rather than welcome others.

Youth movements such as the Scouts and Guides have an important role to play in creating the kind of world we want to see tomorrow - a world that is free of pollution, of poverty, of parochialism. Tapping the dynamism of today's youth will allow us to disrupt the current isolationist narrative and unleash the most creative forces for social change.

I wish the event all success and hope it will contibute to building a better world!

We are happy that the 17th National Scouts & Guides Jamboree is being held at Adakanhalli Mysuru District, from 29.12.2016 to 4.1.2017

With a view to help the common people in all countries throughtout the world, the Scouts & Guides movement was started more than a century ago, Lord Baden Powel is the founder of this noble organization, which was nartured later by Lady Baden Powell and Dr. Annie Besant. In the princely state of Mysuru, this had the blessings and patronage of Royal family as well. It is very interesting that Sri Kanthirava Narasimharaja Wodeyar was the Chief Scout and Prince Jayachamaraja Wodeyar was the Chief Cub. The movement was started in India in 1909, and, since then it is heralding its motto "Peace and Solidarity" and has made a name in the social circles.

The 17th National Jamboree is having a heart-rending slogan "Together for Better Tomorrow". This is actually the need of the hour. All people should unite together, and, shun divisive and negative forces that are a hindrance in nation-building. Scouts and Guides activities are being done wonderfully, starting from high school level, transforming those students into responsible citizens of the country.

The Jambooree is being organized under the able leadership of Sri P.G.R. Sindhia, Former Minister, who is also the Chief Commissioner of Scouts & Guides in Karnataka. He is holding the mantle of service of this Organization through his predecessors, viz., Sri V.P. Deenadayalu Naidu, Sri Kondajji Basappa and other illustrious people. Sri Sindhia has always been a man of vision and commitment coupled with simplicity and dexterity. He has a long and meaningful association in the social and political life of Karnataka. He has a unique quality of taking the people along with him in any exercise, which makes events like this more meaningful and fruitful. We are sure he would have made elaborate arrangements for making this Jamboree a grand success.

We hope the Scouts and Guides coming from all over India would enjoy the event and blossom into good human beings through their interaction.

We wish the commemoration Volume all success.

ಸ್ಕೌಟ್ಸ್ ಮತ್ತು ಗೈಡ್ಸ್ ಜಾಂಬೂರಿ ಆಯೋಜಿಸಿರುವ ವಿಚಾರ ತಿಳಿದು ಸಂತೋಷವಾಯಿತು.

ಮಕ್ಕಳಲ್ಲಿ ಮಾನವೀಯ ಮೌಲ್ಯಗಳನ್ನು ಉದ್ದೀಪನಗೊಳಿಸಿ ಸಮಾಜದ ಸಭ್ಯ, ಸುಸಂಸ್ಕೃತ ನಾಗರಿಕರನ್ನಾಗಿ ರೂಪಿಸುವಲ್ಲಿ ಜಾಂಬೂರಿ ಸಹಕಾರಿಯಾಗಿದೆ. ಶಿಬಿರಾರ್ಥಿಗಳು ಇದರ ಸದುಪಯೋಗ ಪಡೆದು ತಮ್ಮ ಉಜ್ವಲ ಭವಿಷ್ಯವನ್ನು ರೂಪಿಸುವಂತಾಗಲಿ ಎಂದು ಆಶಿಸುತ್ತೇನೆ.

ಈ ಶುಭ ಸಂದರ್ಭದಲ್ಲಿ ನೀವು ಸ್ಮರಣ ಸಂಚಿಕೆಯೊಂದನ್ನು ಪ್ರಕಟಿಸಲಿರುವುದು ಔಚಿತ್ಯಪೂರ್ಣವಾಗಿದೆ.

ಉಪಯುಕ್ತ ಲೇಖನಗಳೊಂದಿಗೆ ಸ್ಮರಣ ಸಂಚಿಕೆ ಪ್ರಕಾಶನಕಾರ್ಯ ಯಶಸ್ವಿಯಾಗಲೆಂದು ಹಾರೈಸುತ್ತೇನೆ.

ಶ್ರೀ ಮಂಜುನಾಥ ಸ್ವಾಮಿಯ ಅನುಗ್ರಹವಿರಲಿ.

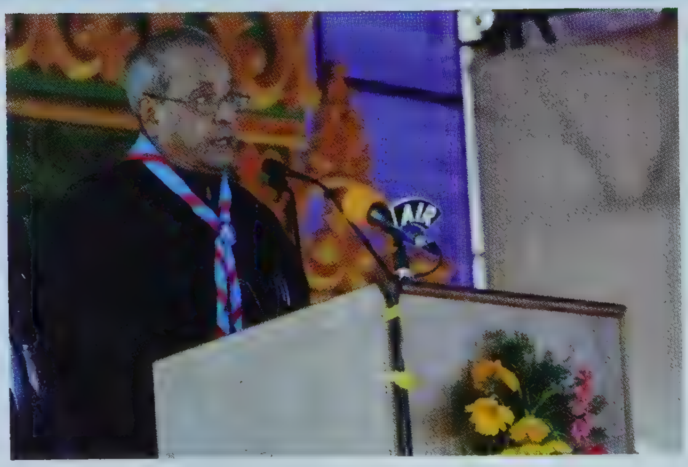
ʼ7th National Jamboree

9th December 2016 to 4th January 2017

Reports & Activities Photographs



Speech By the President of India

Shri Pranab Mukherjee

at the Inauguration of 17th National Jamboree of The Bharat Scouts & Guides

Mysore 29 December 2016

I am indeed happy to be present amidst you on the occasion of the 17thNational Jamboree of Bharat Scouts and Guides at Mysuru, a heritage city of India and the cultural capital of Karnataka.

2. I am informed that the Karnataka State Bharat Scouts and Guides has already hosted two National Jamborees at Bengaluru in the years 1960 and 1986 and is now hosting the present 17thNational Jamboree at Mysuru.

3. Jamborees are occasions when any organisation reaffirms, redeems and reorients, and I am sure that the activities in the Jamboree will help Scouts, Guides, Rovers and Rangers and other Volunteers to develop leadership qualities, cooperative spirit and moral values. I am also sure that it will provide a good opportunity to its participants to exchange ideas and exhibit their skills and talents, and help create awareness amongst the youth about the values of national integration, service, discipline, patriotism and peaceful coexistence.

Friends,

4. India is a land of ancient civilization with young people. By 2020 India will be the Strongest country. It's an asset only if they are skilled and oriented towards the service of the nation.

5. While Scouting was making rapid progress overseas, in India too a move was initiated by Dr. Annie Besant, Dr. G.S. Arundale and other leaders, who foresaw the need of Scouting for the benefit of Indian boys as well. The Scouting Movement had the blessings of great luminaries like Mahatma Gandhi, Dr. Rajendra Prasad, and Pandit Jawaharlal Nehru. Subsequently, the movement has been patronized by successive Presidents and Prime Ministers of India and Chief Ministers of States. I am informed that the Boy Scouts Associations in India and the Hindustan Scout Association were merged together on 7thNovember, 1950 and later the Girl Guide Association in India also joined the main stream.

6. The support and patronage of the Royal Family of erstwhile Mysuru State and other princely States of our country saw tremendous growth of the movement. Successive State Governments

also extended their support and are responsible for the successful existence and growth of the Movement today.

7. I am happy to know that the Scouts and Guide Movement in India has been growing steadily from year to year and has a strength of over 5 Million Scouts and Guides today, and I am sure that this International Youth Movement will enable school going children become better citizens of our great country. The Scouts and Guide Movement has stood the test of time and is relevant to this day even after 109 years of its existence. Today, there are over 50 million Scouts and Guides throughout the world in 216 countries and territories right from the impressionable age of 3 upto 25 years.

Ladies and Gentlemen,

8. Scouting and Guiding is a tool for enrichment of life skills through proper understanding and awareness of social and national needs. Young Scouts and Guides are valuable members of our society and are active citizens who are contributing to resolving the challenges our communities are facing today. The Scouts and Guide Movement is open to all, regardless of race or creed and its purpose is to help young people develop physically, intellectually, socially and spiritually. Scouting is not mere membership of an Organisation, but a commitment to uphold truthfulness and dignity in one's own life at a very young and impressionable age.

9. In fact, as a world youth movement in a globalised world, Scouting has a global responsibility to meet the challenges of development. It has shown the world how developing countries can benefit from a nonformal education system like Scouting.

Ladies and Gentlemen,

10. I am glad to learn that Karnataka is one of the most active and leading states in the field of Scouting and Guiding in the country. Before I conclude, I would like to compliment Sri Siddaramaiah, Chief Minister of Karnataka, Sri P.G.R. Sindhia, State Chief Commissioner and his team of volunteers for organizing the 17thNational Jamboree. I also convey my hearty congratulations to all Scouts and Guides, Rovers and Rangers, Unit Leaders, from our country and overseas for their participation in the Jamboree.

Dear young friends

11. In the end, I appeal to all of you to dedicate yourselves wholeheartedly in the service of your Motherland. May your meritorious service be the lodestar for others to follow suit in the coming years. Spread the ideals of the Movement and emulate them in your daily lives. I extend greetings to all of you and wish the Bharat Scouts and Guide Movement all success in its future endeavours.

Thank you.

Jai Hind!

I am very happy to share the remarkable experience of 17th National Jamboree held in Mysore, Karnataka.

The Jamboree is the best Jamboree I attended in my whole scouting life as a Scout, Rover as an Unit Leader and as the professional. In all respect it is the best jamboree having less complaints from the participants. The infrastructure is wonderful. We should salute the State Chief Commissioner of Karnataka Shri P.G.R. Sindhia and his team for their marvelous work done in a short period. It is also a credit for the State Association for arranging all the facilities within a span of 4 months and it is a record in the history of Jamboree. Here we should appreciate and respect the Hon'ble Chief Minister and other Ministers of Karnataka Government and also the many Govt. officials of Karnataka state who have supported the State Association sincerely. There are no wrds to express to appreciate the Mysore District Chief Commissioner Shri Vishwanath, Ex-Mayor and his scout/guide team for their hard and dedicated work.

From this Jamboree we all brothers and sisters of scout/guide family should learn to improve our inter-personal relationship. We lived and served for more than 10 days in the Jamboree ground to make about 25000 of Scouts, Guides, Rovers and Rangers to live happily and to learn sisterhood and brotherhood forgetting the cast and creed and helping each other. This is the essence of scouting and guiding. Let us work more and more for our youth in coming years.

Let the 2017 be a prosperous new beginning for the Bharat Scouts & Guides.

Wish you all very Happy New Year.

INDIAN JAMBOREES SOME SWEET MEMORIES OF A PROFESSIONAL

G. Ranga Rao
Former Director
The Bharat Scouts & Guides

It was in 1955 I joined the Movement as a Scout Master. God is great. I was blessed with great number of opportunities all through, though they made me work hard and harder.

Thanks to Sri Ch.K. Siddhanti, my Guruji, who created innumerable opportunities to grow as a Trainer and see the 1960 Bangalur Jamboree. I was not mature enough to understand the organisational aspect of a big national event. It was in 1962 I was given an opportunity to work as a professional Scouter in Andhra Pradesh and from 1970 onwards as National Headquarters professional.

It is said that B.P. was fond of picking up or inventing curious words and actions and adopt them in Scouting. Jamboree, Indaba... etc. Indian State Associations further twisted the word Jamborees - Andhra Pradesh held Composess, Don Bosco Boscorees K.V.S. Kevorees and Indian Railway Jamborettes. Karnataka holds Indabas frequently. Left hand shake is peculiar to Scouting. Though from Kipling's jungle stories Akela, Baloo, Bagheera, Kaa are Indian words and animals included in Cubbing which have become World famous.

Mrs. Lakshmi Mazumdar had also this skill calling Brownies as Bulbuls, world Centre of Guides at Pune - Sangam, Rover Moot as a samagam, Scouts Own as All faiths prayer meeting, and creating new branches of Grameen Rovering and Rangering.

Indian Jomborees have become world famous for their packed programmes and wide variety of activities. Whatever feature is innovated and included in Boy/Girl programme finds a place in Jamboree programme. Examples are adventure bases, pageant shows, national integration, community singing, State colour parties and band parties etc. We have been conducting competitions for colour parties and band parties. Observation of state days within the jamboree programme is adding spice.

Our major pioneering projects and Gate ways are magnificent displays of engineering skills. The whole historical and cultural facets of India are displayed in a pageant. When elephants, horses etc.... draw cars in pageant show it appears as if it is young India moving with all cultural excellence. When you hear community songs sung by the entire jamboree

participants you will understand the essence of Vande mataram song "Trimsat koti kantha kala kala Ninadam". In campfires, both central and state level every musical instrument of India is used and our folklore displayed. There cannot be another mass event like a Scout/Guide Jomboree in which we feel the pulse of our nation.

Traditionally either H.E. the President of India or The Prime Minister will be pleased to inaugurate the all India Jamboree. A number of central and state ministers, Chief Ministers and Governors of the area will be the Chief guests of various central and state functions. This adds importance to our Jamboree. They always will have a good word for the Movement. Mrs. Indira Gandhi the then Prime Minister, in her inaugural speech once said "Mrs. Laskhmi Mazumdar is a human dynamo". Shri Gyani Zailsing the then president of India complemented saying "All political people should stay in a scout camp for a week".

Their Excellencies Shri R. Venkataraman, Shri Sankar Dayal Sharma the former Presidents of India were Scouts during their school days and many of the central and state leaders too. They all shake left hands with youngsters and return a three finger salute.

Youth of the whole country is represented in a Jamboree and Scout contingents from ten to fifteen Countries join and share the Joy.

Coming to Karnataka, it is one of the strongest state associations of the Bharath Scout and Guides with their devoted volunteers and professional and most supportive state government. Their representatives have always been a part of National Leadership including the National Commissioner. I still recollecet Shri Kondajji Basappa, as a Central Minister coming in correct and compete Scout uniform to National Headquarters on the invitation of the then National Commissioner. They have two camping and training centers where National level events can be conducted, leave alone regional and district level ones.

17th is going to be the third National Jamboree that is hosted by the state. The second one held at palace grounds of Banglaore was inaugurated by Shri Rajiv Gandhi H.E. the Prime Minister of India. Being excited by the way it was held he offered Rs. One Crore for the National Headquarter. Karnataka has the credit of hosting a number of National and International level events including an advanced management course for professionals. With all the experties and resourses the state has I am sure the ensuing National Jamboree to be held at Mysore will be a great success. It is a matter of pride that H.E. the President of India has already given his consent to inaugurate the same.

A warm welcome awaits you and you

EVER GREEN RELEVANCE OF SCOUTING

K.B. Chandrasekharan Nair
L.T.(S) & A.L.T. (C&R)

Ex-State Commissioner (Scouts),
Kerala State B.S.&.G. (Life Member)

It is interesting to note that scouting sprouted spontaneously, after the appearance of a book, by the boys of England, by thermselves taking the initiative.

After the experiment of his ideas in 1907, in an experimental camp of 20 boys from different walks of life, Baden Powell, a war hero, published the book 'Scouting for Boys' in six fortnightly pears in 1908. Boys caught in that delicacy and tasted it themselves without the help of masters. Thousands of letters flooded in the office of B.P. for further instructions. Gradually he was forced to start a well structured Organisation for Boys which spread all over the world and continues to grow strong even after hundred years, head high with pride.

Let us examine the advantages of the Scout Movement which appealed to the boys/girls, their parents, eductionists and other Social Scientists.

1. *The first and foremost point of this Movement is that it is built up on a very strong basement viz, Scout and Guide* ***Promise and Law*** *which have 3 points and 10 points respectively. A positive standard of conduct. The MORALIST may praise for its splendid code of ethics. Boys/Girls willingly promise to follow them which gives a mental and spiritual strength to practise a well set* ***Life Style Education*** *which is useful to himself / herself and to the Society. A positive Thought Therapy strangely works on children, which leads to all round development viz. Physical, mental moral, spiritual, social and emotional.*

2. *Four Pillars of Scouting (Character, Health and strength, Handicraft and skill Service to others) on which it is constructed is also a very strong point and help the children to learn and enjoy the Life Craft Education, to grow as good citizens of their country. They practise Active citizenship. It helps to achieve "the aim of scout training ie. to improve the standard of future citizenship, expecially in* ***Character and Health to***

*replace **Self with Service** to make the lads individually efficient, morally and physically, with the object of using that efficiency for service of their country men". A Scoial Scientist highly appreciates this good citizebnship training. A Hygienist may praise for its method of physical training and camping.*

3. ***The Scientific background** of the Scout Movement. Perhaps this is the only Organisation where kids (3 to 5), small boys (5 to 10), young boys (10 to 15), youths (15 to 25) are trained based on their psychology, according to their age and educational philosophy.*

The Great Educational Principles of Scouting are :

a. *Individual's responsibility as a fundamental to good citizenship. The secret of sound education is to get each pupil to learn for himself, instead of instructing him by driving knowledge into him in a stereo-typed system.*

b. *If the boy is to be concouraged, he must see an objective before him and find the progress towards a trail, offering fun, interest, and adventure. Boys must learn to develop themselves, see reasons for such developments and feel pleasure and satisfaction in the process of learning. From the standpoint of the educationst it has marvelous potency for converting the restless, irresposible, self centered boy in to a straight forward, dependable helpful young citizen.*

4. ***The method of training and style of functioning** of the Movement are unique and most striking feature. It has universal acceptance from boys / girls and educationists.*

    1. *Boy Leadership*
    2. *Boys train boys*
    3. *Gang spirit, one for all and all for one (Each member of a patrol has specific portfolio or responsibility viz., Patrol Leader, Patrol Second, Treasurer, Scribe, Games Leader. Entertainer, Gadge maker, Cook etc., i.e., all are leaders and all are followers). This is a type of management training.*
    4. *All actions based on a code of ethics (Promise and Law). Scouting is a way of life.*
    5. *Boy-man relationship, not teacher-student relationship. There is an unknown bond between the soul of the Scoutmaster and the soul of the boy, provided he is a good Scoutmaster.*
    6. *Opportunity to develop potential of every boy / girl.*
    7. *Put individual responsibility for one's own development.*

8. Learning by doing (learning by his own will and self effort a real educational processes).
9. Every activity aims for development of K.S.A. (Knowledge, Skill, Attitude).
10. Use K.S.A. for Service to community.
11. Symbolic frame work and presentation for character training.

5. Materials used (syllabus and activities) for construction are very useful for good Life Craft Education. There are number of interesting activities such as camping, hiking, nature study, pioneering, first aid, adventure activities etc. Almost all activities are out of doors closely associated with nature. "The Naturalist may praise it for its success in putting the boy close to nature's heart". This aspect also help the boys and girls for their all round development.

6. The parent may praise for its ability to keep boy out of mischief and positive actions with in the house and else where.

7. How the boy will appreciate Scouting ? - "To the boy who will give himself to it, there is plenty of work that looks like play; Standard of excellence which he can appreciate; Rules of conduct which he must obey; Positions of reponsibility which he may occupy as soon as he qualifies himself; In a word A programme that appeals to a boy's instincts and A method adapted to a boy's nature".

In many Organisations all the individuals are trained to reach the same one goal not taking into consideration individual's capacities and aspirations. The leader fixes the goal. In scouting alone we give the individual freedom to choose his own goal and becomes whatever he wants to be. Professor Dean Russel of the Columbia University said, "I declare the Boy Scout Movement to be the most significant educational contribution of our times".

The Great Philosopher and Writer, Bernard Shaw told that "In twentieth century the greatest contributions to education was not made by an educationist but by a soldier who found the Scout Movement".

CRYSTAL PALACE RALLY
(GIRL GUIDING, HOW BORN)

V.R. Ganathey, LT (S)
Former Joint Director
NHQ, New Delhi

Taking the Brown Sea Experimental Scout Camp as a model, other camps had been organized in Britain with equal success. The thought gradually formed that it would be interesting to take a poll of public opinion organizing a Scout Meeting on National level. A rally call was sent out to all Britain Scout to assemble at Crystal Palace,. London on Saturday 4th September 1909 for a Display and March past. The result was a resounding success. Morethan 10,000 boys from every part of United Kingdom dressed in Shorts, Shirts, broad rimmed hats, scarf and staff a uniform adapted by Scouts themselves in imitation to what B.P. had worn in South Africa, responded to the call and assembled. They put on a display of their Scout prowess that echoed throughout the land. B.P. was more than gratified with the number and enthusiasm of the troops which attended and the standard of proficiency which they showed in their work.

That day rain was threatening. So the scouts were assembled inside the Palace and the March past was arranged. They were counted as they entered at one door and went out at the other. Some (7) Girls also came in Scout Uniform. They wore the Scout hats and scarves with their feminine dress and carried poles (staves). They had arrived uninvited and wanted and insisted on joining the rally as they declared they were Girl Scouts and knew the Scout Tests.

After the March Past, they sent a message and asked the Chief Scout if he would go and see them. He went and talked to them. When B.P. asked the girls who they were? Their leader replied that they were the"Wolf Patrol" of the Girl Scouts and they wanted to do Scouting like boys. He told them that Scouting was for boys and that he did not think they could well share the same. This was not very encouraging because there were two great objections in 1909 to small patrols of girls hanging on the Scout Troops. On the one hand, the public disapproved thinking it unsafe for girls and on the other the Scouts themselves did not want girls.

But the girls would not be put off by discouragement,. They collected a little sporadic groups and read "Scouting for Boys". They dressed up in Scout hats and belts and under the leadership of one of themselves they started to work the Scout Tests.

The Chief himself realized that the new Scout Movement would not attract the type of boys he wanted, if girls were to be part of the organization. And he decided that if they wanted to join in they should have their own name and movement and a programme suited to their needs, and that the Movement for girls should be run the work of adapting the book "Scouting for Boys".

That year the Guide Movement was formally founded with the establishment of the Girl Guide Association (UK).

In the year 1928, the World Association of Girl Guides and Girl Scouts was formed and as on to day there are 140 member countries affiliated to it.

Education is not the amount of information that is put into your brain and runs riot there, undigested all your life. We must have life-building, man-making, character-marking, assimilation of ideas. If you have assimilated five ideas and made them your life and character, you have more education than any man who has got by heart a whold library.

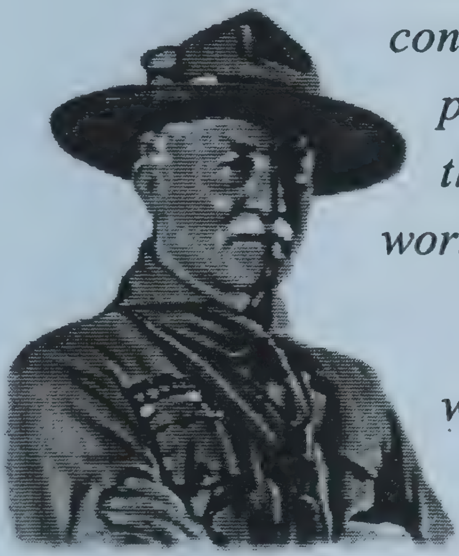
Modern World – Challenges for Scouting and Guiding

R.S. ANBARASAN
Leader Trainer (Scouts)
Former SOC (Scouts)
Southern Railway

The Scouting fraternity has witnessed many hundreds:

1. *100 years of Lord Baden-Powell*
2. *100 years of World Scouting*
3. *100 years of the book 'Scouting for Boys'*
4. *100 years of the First Scout Rally*
5. *100 years of Scouting in India*
6. *100 years of Girl Guiding*
7. *100 years of Brownies (Bulbuls)*
8. *100 years of Cubbing*



Lord Baden-Powell of Gilwell has made the most wonderful contribution to this world: A meaningful programme, a purposeful programme for the young persons in the form of Scouting. This is the reason why it had spread widely and so fast throughout the world – the rest is history.

The world has changed and it would continue to keep changing as a result of which we now have a major responsibility. That responsibility is to see that the Movement continues to be a Movement and not just remain as an Association. This is a crucial responsibility because the world is very different today. We are happy about the advancements made in various fields. But along with the advancements we face innumerable problems. For a good Scout or a Guide (the Leaders, the Trainers the Commissioners inclusive) a problem is always a challenge. We need to face these challenges. Are we prepared?

Tsunami, when it struck Indonesia, India and a number of other countries some year's back, taught us a lesson. The lesson is "follow the Scout/Guide Motto – Be Prepared".

This major tragic incident unearthed one significant fact – despite all our advancements in technology, we were not geared up to face the catastrophe – hence we paid a heavy price for it – loss of several thousands of lives and loss of property. The Governments, the International Agencies and NGO's have began giving importance to training in Disaster Preparedness and Disaster Management. Despite all this, the recent tragedy in Japan and Nepal has sent us another reminder to our unpreparedness to the eventualities of disaster. With all the advancement can't we save lives if not the property?

There are a number of areas, which cause concern in the modern world:

1 *Easy access to knowledge has enhanced the knowledge of young persons. Hence if the Scouters and Guiders do not have updated knowledge, their competence level will be questionable and they will fail to command respect.*

2 *Increased study load in schools give less or no time to children for extra-curricular activities leading to less children volunteering for Scouting/Guiding or limited participation in Scouting/Guiding activities.*

3 *Problems resulting from both parents being employed. Shift from joint family system to nuclear family system.*

4 *Increased incidents of crime: thefts, killings, harassment of women, rape, child abuse, cyber crimes etc.*

5 *Increase in violence: terrorism, burning of buses and trains.*

6 *Negligence and violations: flouting of traffic rules, increased rate of accidents on road, rail, at unmanned level crossings, air, and sea.*

7 *Increasing rate of natural disasters: earth quakes, floods, tsunamis, volcanic eruptions, drought, landslides, etc.*

8 *Increased rate of suicides among student population.*

9 *Health problems resulting from stress even at school going age.*

10 *Increasing communal riots.*

11 *Media (both print and visual) becoming more and more provocative.*

12 *Health problems such as AIDS, diabetes, arthritis, peptic ulcer etc., found even among young children.*

13 *Misuse of mobile phones, Internet facility, credit cards etc.*

14 *Eco problems: depletion of forests, global warming, birds, animals and insects becoming extinct.*

15 *Deterioration in the basic value system all over the world.*

16 *Difficulty in getting committed leaders.*

Changing Values

I would like to project the changes in our values in a different manner:

1. *Man has been able to land on the moon, but our dedication is fast becoming out of bounds.*
2. *Roads have been widened, but our minds have narrowed.*
3. *Mobile phones have become everybody's commodity whereas commitment and sacrifice are becoming a rare commodity.*
4. *Cars and motorcycles are in abundance in every city and town but social consciousness has lost its identity among its drivers and riders.*
5. *For the sake of our convenience don't we cause inconvenience for several others, which we are unmindful of?*
6. *We take so much care to dress (for want of recognition) but how often do we address the problems of the needy?*
7. *While the laptops have simplified our working life; but why have we complicated our daily life?*
8. *We take efforts to understand how to operate our cell phone, but why we fail to understand our friends, kith and kin?*
9. *We have so much of patience in listening again and again to our favourite songs and music, be it classical or cinematic but hardly listen even once to our near and dear ones.*
10. *When others respect and show concern on us we feel the warmth. When it comes to recognizing others and being concerned about their future why are we frozen?*
11. *Building of massive bridges on the sea has been possible but why for many, getting out of their addiction is impossible?*
12. *While many of us are so conscious in wearing ironed clothes why we hesitate to iron out the problems?*
13. *The problem with some is, they aspire for success and fail to perspire in working for success.*

The tragedy in the modern world is:

***Enthusiasm** – has become a restricted word;*

***Happiness** – a prohibited word;*

***Concern** – a bad word;*

***Harassment** – a lovable word;*

***Exploitation** – a free word;*

***Kindness** – a vulgar word;*

***Empathy** – an unknown word;*

***Sympathy** – a foreign word;*

***Honesty** – an alien word;*

***Understanding** – an expensive word;*

***Hard work** – a dead word;*

***Lies** – a fluent word;*

***Revenge** – a borrowed word;*

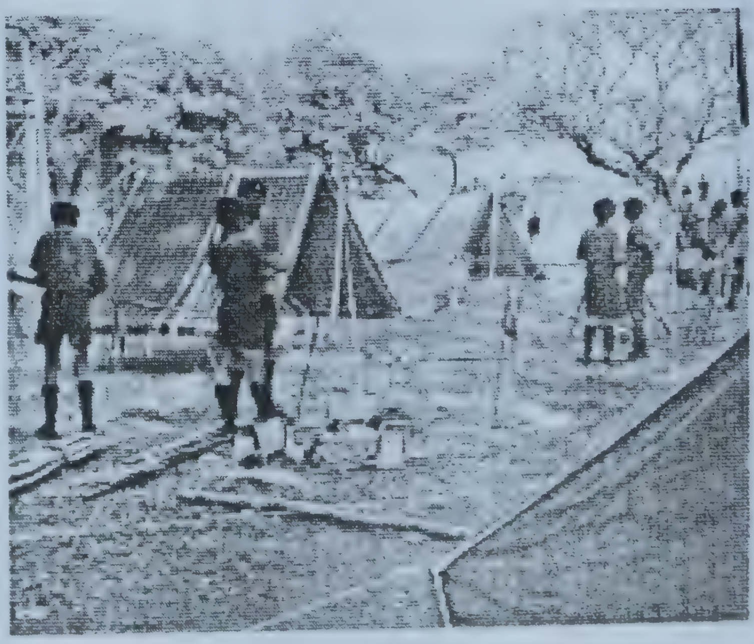
***Curse** – a complementary word;*

***Forgiveness** – a hated word.*

People feared how will Scouting survive when B.-P. died, yet Scouting survived. People were worried about the survival of Scouting owing to the pressure from the Communist block, yet Scouting survived. People were worried about the survival of Scouting owing to the World Wars, yet Scouting survived. Now the worry is the modern world. Scouting will survive. But we cannot be happy with mere existence of the Movement. We have not reached to a higher percentage of the population. How do we do it without compromising on the quality? The future of Scouting and Guiding is in our hands? Each one of us needs to help in making people understand that our Movement is purposeful and meaningful.

In modern world it is important that every Scouter and Guider:

- *Reads the basic Scouting/Guiding literature appropriate to the section he/she belongs: Wolf Cubs Handbook, Scouting for Boys, Rovering to Success, and Girl Guiding in India. Only then one will be able to convey its contents in a simple manner to the young persons.*
- *Goes through the 'Adults in Scouting' booklet. WOSM in one of its publications titled Adults in Scouting which was*



subsequently published by the Bharat Scouts and Guides more than a decade ago has stated that the personal development component is missing in the training contents for Adult Scout Leaders all over the world. Hence it is important that the Scouter/ Guider begins to train their members in various components of personality development (inter-personal relationship, communication, self-confidence, attitude, team building, stress management, motivation Etiquette and Mannerism, etc).

- *Creates opportunities for the members to apply their skill. For example, today the animated version of knots is available in the Internet and it enables the learner to follow the instruction and learn to tie the knots. Hence the Scouter/Guider has to plan open-air activities frequently where the Scouts/Guides can construct projects applying their knotting and lashing skills. 'Back to Basics' programmes carefully designed will provide abundant opportunities to apply the skill learnt which would enable them to understand the purpose of each skill.*
- *Gives importance to disaster management and help organise disaster preparedness training for their members.*
- *Creates awareness among their young members about road safety, the importance of adhering to traffic rules, the dangers resulting from misuse of mobile phones and Internet.*
- *Be in close touch with the parents of Scouts and Guides. Should Counsel and guide them wherever necessary. They should be able to organise special programmes for the parents and the general public to make them aware of the need for a young person to develop various skills, be creative, and face challenges in life.*

- *Is able to understand the problems related to the study load for students and the pressure from parents on their children to spend more time on studies so that they can handle growing*

competition. The Scouters/Guiders should be able to impress upon the parents the need for all round development of their children for which participation in extra-curricular activities is important. They should convince the parent with regard to the advantage of involving their children in Scouting/Guiding in order to enable them gain strength and confidence to successfully handle challenges in society.

- *Should be able to rope in the services of parents to serve as Volunteers in our Movement. Based on their skill, experience and areas of interest the parents would be effective Volunteers and their support would go a long way in developing the Scout/Guide Unit and in turn the quality of its members. They can coach the members in any of the proficiency badge work, teach handicrafts and any creative skill, help in preparing self-learning materials such as posters, models, etc., for display in the Unit den, teach songs, games and any form of folk art, help raise funds and materials for the Unit, assist in organizing outings, camps, parents evening, etc., help in implementing Community Development activities and awareness creation programmes.*
- *Understand the core message of Baden-Powell about Scouting and Guiding:* ***Make people happy. Work towards realization of this core message.***

Our Scouters and Guiders can certainly carry out all this. All that is needed is commitment and they can very well afford it.

INTO THIS SITUATION STEPPED A MAN WHO BELIEVED HE HAD A SOLUTION

T.S. Lucas
Vice President
Bharat Scouts & Guides, Karnataka
Mob.: 9886195492

Who was this man? Where was and what was the situation? Had he a soultion and what was it?

This man was Lord Baden Powell of Gilwell, Founder of the Scout Movement. The situation was in Britain.

The situation as observed in early nineteen hundreds was described in Baden Powell House in London, in the year 2009, through four illustrated posters on display.

Each poster showed a picture with a caption and a narration.

The following are the contents of the posters :

Poster-1

Picture caption : *Children did the most dangerous work in mills, crawling under moving machinery to clear cotton lint.*

Narration :

In 1907, Britain was a very different place, especially for children. School was compulsory only for children between 5 and 10 years old, but the poorest children rarely attended school at all. They worked to support themselves and their families. Sometimes children were only members of the family to have a job.

Poster-2

Picture caption : *Small children hauled coal trucks through Spaces too narrow for adults or ponies.*

Narration :

Children worked as strteet sweepers, errand boys and messengers, match girls, flower sellers and rag collecetors. They worked in swers and mines. They lied about their age to join the Royal Navy and Merchant ships and were taken away to sea for months at a time. They joined the Army as Drummer Boys and took part in military Campaigns abroad.

Poster-3

Picture caption : *The poorest children and their parents depended on food from soup kitchens run by charities and churches.*

Narration :

Many adults were very worried that neglect, pollution, bad diet, disease and overwork were having terrible effect on children - they were having no childhood at all. The British public was also concerned at that time about invasion from foreign powers. Britain could not be defended properly by underfed and unfit soldiers and civilians.

Poster-4

Picture caption : *Churches sponsored children's groups such as Sunday School, The Boys' Brigade, and the Temperance Band of Hope.*

Narration :

Charities such as Pearson's Fresh Air Fund were set up to take city children out into the country for fresh air and exercises. Youth groups, such as the Boy's Brigade taught military style drill and provided for literacy through Bible reading.

At the end of the fourth poster was the title of this article :

Into this Situations Stepped a Man who believed that he had a Solution

The solution, obviously was SCOUTING, the innovative training movement in character building for young people.

The solution embedded in the Founder's mind as an outline was tried with a group of British boys of his choice, in an experimental camp for nine days at Brown Sea Island in 1907. Satisfied with the results of the camp, he put in writing his entire concept of what he termed as 'SCOUTING', addressing it to the boys in England in a book form entitled as ***'Scouting for Boys'.*** *The book, released in six fortnightly parts touched the hearts of the boys which kindled in them a desire to try out everything found in the book, and thus they sowed the seeds of 'Scouting'.*

Very soon scouting spread to many countries in the world, and reached our country too, as early as 1909.

"There are three things you must try to get for

yourself if you are going to prepare yourself to beareal MAN.

A BODY that is healthy and strong;

A MIND that is Quick to see what is wanted and clever enough to do it;

A SPIRIT that is keen to do the right thing at all cost"

- Lord Baden Powell

Scouting and community

Mr. S.S. Kunjithapatham
Former Dupty Director
NHQ, New Delhi

What a great significance and an inseparable link in the two words of the title ***Scouting and Community.***

The Conjunction must become irrelevant to make it wholesome. Let us deal first about the two words which will lead to full understanding of the title and subject.

Scouting *is a game for boys and a job for leaders and the mission is to make boys girls self fulfilled and to play a constructive role in scoiety as responsible citizens ie all this lead to be a better parent employee or employer, a better person -* ***betterment.***

Does this not well connected to BP's last message "Leave this world, a little better place than what it was when you came".

In the scheme of Scouting, advancement requirements and badge system are aimed at and through a better person in attitude, skills, talents etc.

To cite a few examples : In cubs :

- *Prepare a handicraft for a disabke child.*
- *Qualify for First Aider / gardener badge etc*

In Scouts :

- *Earn proficiency badges Civil defence Community worker etc.*
- *Participate in CD project*

In Rovering :

- *Organize games for childrem*
- *Qualify for CD / Sanitation promoter*
- *Organize sustained traffic control*
- *Establish a literacy centre etc.*

From all this, we have seen, one is ***better*** *qualified / equipped and he / she is destined to work with or in community to survive and develop his skills / talents.*

What is a community

In dictionary you may find the meaning as group of people living together with a common religion, profession, common interests, faith; that is why we term some as teaching community, Muslim Community, Engineering Community, Vellalar Community and the like.

To make out the essence of meaning of the word Scouting, at the beginning, I defined as ***betterment*** *and the medium through which we* ***better,*** *is community service community Dev. projects.*

Community service is towards meeting a specific need, routine or

emergency for specific short period where as community development project is long term with a vision for a better quality of environment.

*As individuals grow, prosper and to their as assigned or expected, the community is better placed. Community is made up of individuals / groups. It is inter alia as individual grows community develops and as community is developed, individual is safe & **better** placed with opportunities.*

*We are not so happy, as the world has widened, instead of 'togetherness', the bond is diminishing. It is not ideal or healthy. Whatever we do in Scouting either in den, class or camp, all activities orient towards **betterment.** We practive & preach values. Value based scouting is the need of the hour for well being and peace.*

So let us involve more with the community, identified and visibility enlarged by

- *increasing our numbers (Quantitatively)*
- *finding more opportunities for community service*
- *identifying real needs / necessities in areas to initiate community Dev. projects.*
- *involving the community as sponsors/ group committee / Association members, qualified people as badge instructors / examiners, inviting them for celebrations, parents day, Hero's day etc.*

Then only 'Scouting' can grow.

If 'Scouting multiplies, community and in turn the country prosper for a 'better tomorrow'.

Scouting embrace the areas of health, environment, nature, ethics & values, passion, life skills, creativity, duty, culture etc.

The, what else more is required for an ideal & prosperous community?

GROW THROUGH SCOUTING

Dr. Arindam Bhattacharyya
Rover Scout Leader West Bengal, BSG

USP or Unique Selling Proposition refers to any aspect of an object that differentiates it from similar objects.

It is may be a Company or an Institution or a Country. Like if we talk about United States of America the USP is "FREEDOM", if we talk about Japan it is the "TECHNOLOGY", and if we talk about INDIA, well, so many things the fast economic development, the mighty Himalaya, the magnificent edifices, the beautiful architectures , yoga, meditation, culture and spiritualisation.

Scouting itself has also an USP, the largest youth membership, the unique uniform, spread in almost all countries etc.

But how we gain this? Let's take the beautiful analogy with a Tree.

A tree has basically three parts the ROOT, the TRUNK and the CROWN or the top part with leaf, flower fruits etc.

A healthy tree has healthy roots, deeper the roots stronger the tree. In case of scouting it is the Principles. (Why we do our programme). The whole tree (the whole movement) is depends on it.

The Root not visible to us, it is unseen, in scouting the principle is not visible to the common persons even sometimes to our grass root leaders but all activities depend on it.

Duty to God Duty, to others and Duty to Self are the three parts of our principles.

Which is seen in the world, mostly they depend on unseen. Our activity is seen to the people, our uniform is seen to the people, our badges and awards are seen to the people but all these depend on the unseen part and that is the principle of scouting. If a boy do not develop himself, do not do the duty to others, do not do the duty to God or Dharma he will not be able to achieve the parts which are seen that is the awards and badges.

So we must work on UNSEEN to sustain the SEEN.

Now the Trunk. It is visible above the ground and seen to everyone. The people feel it is the main part of the tree and it is the part through which matters supplied to crown to nourish and flourish it.

Our METHODS (How we do our programme) stand here.

The "Law and Promise"- are the most vital pipelines, which are inside the trunk and supply the nutrition to the crown. Although it is inside the trunk we can easily assume that how important it is.

We can see the method "working in small groups" which are the branches of the tree.

The last method "progressive stimulating programme as per the needs of the society" is like bark. A tree changes and adds its bark several times in her lifespan. Our programme also changed regularly in course of our journey to develop and strengthen the Crown part.

The most interesting and beautiful part of the tree is it CROWN, where flower blossoms, ripening fruits hang and green leaves spread all over .

Our ACTIVITIES (What we do) are the crown of our tree. It is decorated with the Badges of leaves, Awards of Fruit and Events of flowers represented us among the society. As we recognise a tree mostly through its flowers and fruits our activities also helps us to give recognition among the society.

As per the need of the tree and structure of the soil we add fertilizer and extra nutrient to get better result we also use weedicide and pesticide to protect tree from weeds and insects.

Here the scouter and the planner must bring special changes as per the needs of the society which is addition to our regular activity and this will eliminate the unwanted influence of the community to the youths.

Unfortunately along with our adult leaders the think tank of scouting busy in beautification of the CROWN we often forgot the real strength is our ROOT and the developments depends on the TRUNK.

Let's feel that the formal education system teaches us how to EARN but hardly there is a scope to LEARN. Earning is really needed but LEARNING is equally important, scouting must give the opportunity to EARN and LEARN.

Formal education teaches us how to PROVE yourselves; scouting Teaches us how to IMPROVE yourselves.

Formal education gives us INFORMATION; we learn in scouting the technique of TRANSFORMATION

Formal education push us towards the world of QUANTITY scouting show us the strength of QUALITY

Modern Indian education leads towards gorgeous LIFESTYLE: scouting leads towards the beautiful LIFE

So
DO NOT JUST GO THROUGH SCOUTING

"A grand salute to all those devoted men and women of yesterday, today and tomorrow who give themselves selfles sly in the enrichment of the youth through their resourcefulness in helping them to grow into their fullest possible selves"

As everyone knows that Dakshin Bastar of Chhattisgarh state is well known for its flora and fauna with lush green dense forests, beautiful landscape with enchanting waterfalls, majestic & minerally rich mountain peaks and beautiful flow of river terrain.

But due to unfortunate social evils it has become threat for the social life. The suffering humanity needs a free breath. This has become a den for Maoist/Naxals.

Thousands have become homeless and thousands of youth fallen trap to the naxal attacks and they suffer for their social life. Fortunately at this point of time Chhattisgarh government under the dynamic leadership of Shri O.P Choudhary (IAS), the then District Collector of Dantewada District has launched a unique concept of POTA-CABINS to rehabilitate thousands of naxal effected orphan and BPL (Below Poverty Line) children and to provide them residential schooling facilities. These POTA-CABIN schools are fully funded and patronized by Chhattisgarh government.

This was an alternative plan as the permanent school buildings at these naxal prone villages amid dense forests have been blown off by moaists/naxal thinking that these permanent school buildings are utilized by the government for keeping security forces.

These POTA-CABIN schools are supervised by the Tribal Commissioner providing all basic amenities, food, modern infrastructure, and best teaching aids including e-class rooms etc. and to ensure that these children are brought at par with the normal children. The Tribal Commissioner Dr. Anand Ji Singh who was the In-charge of these POTA-CABIN Schools was appointed as District Commissioner (Scouts) of Dantewada District. He also took interest and attended Advanced Commissioners course at NTC-Pachmarhi and got himself qualified.

Further Dr. Jibetesh Rath the then Joint GM (Personnel) NMDC and District

Chief Commissioner Dantewada district along with Ms Shainy Ravindra, DOC (G) and Mr. S.L. Shori, DOC (S) took keen interest to start Scouting and Guiding training in these POTA-CABIN schools and launched a preliminary action plan.

At this point of time I took charge as Honorary State Secretary of Chhattisgarh State BS&G after my superannuation from Indian Railways as Personnel Officer of Raipur Division, S.E.C.Railway.

I happen to visit Dantewada District and was shown this project. I even visited most of the POTA-CABIN Schools situated in the remotest Naxal prone areas. It was a very heart touching scenario to see thousands of orphan and BPL children under one roof excelling for their schooling and trying to shape their future and the Dist Administration is providing strong support.

This project of "Scouting in POTA-CABINS" has been taken up on priority basis with the approval of the District Collector Shri K.C. Devsenapati, IAS and then State Chief Commissioner Shri G. Swamy.

In order to equip all the 17 POTA-CABIN schools of Dantewada District with trained unit leaders a crash Basic Unit Leaders courses for Flock Leaders, Cub Masters, Guide Captains And Scout Masters has been organized at Dantewada fully funded by the Dantewada Dist Administration. As many as 120 POTA-CABIN school teachers drawn from all the 17 POTA-CABIN schools attended the course.

During these courses Shri K.C.Devsenapati, IAS the then Collector personally visited to ensure all arrangements and also addressed the trainees. To provide more support and strength to this marvelous mission Shri K.P.Mishra, National Vice President, Shri B.I.Nagrale, IAS (Retd.) Chief National Commissioner, Shri G.Swamy, State Chief Commissioner C.G State, Dr. Jibitesh Rath, DCC visited the POTA-CABINS and interacted with students. CNC highly lauded the efforts and assured to support the mission.

As a special case one HWB course and one Pre ALT course was also exclusively conducted at Dantewada to support the tribal leaders with the approval of Dr. K.Sukumara Director, Shri M.S.Qureshi, Joint Director (Leader Training) and Miss M.N.Machamma, DDGLT. This helped a great extent to boost up the morale of the Scout & Guide Leaders of this remote tribal region. We are grateful to National Headquarters.

POTA-CABINS IN NUTSHELL

1. *POTA means- Prevention Of Terrorist Activities*
2. *The POTA-CABIN schools are made of bamboos/mats and used as residential Schools in south Bastar Dantewada district.*
3. *These schools are an alternative*

option being initiated by C.G govt. after demolition of concrete school buildings due to naxal violence since 2005 in Bastar.

4. *17 POTA-CABIN schools are being run for the tribals and BPL students affected by naxal violence in Dantewada district. initially started in 2007-2008 under Rajiv Gandhi Siksha Mission from Class 1-8 (6-14 yrs age group)*
5. *For security reasons all the POTA – CABIN schools are located adjacent to the main road with solar lights and well- equipped infrastructure and modern educational accessories.*
6. *There are about 50 POTA-CABINS functioning in undivided south Bastar District (now divided into Dantewada, Bijapur and Sukma Districts)*
7. *Scouting and Guiding activities initially started in Dantewada district in 4 blocks at Dantewada, Gidam, Kuwakonda and Katekalyan, situated in the remote and core pierce naxal effected areas.*
8. *In order to bring these underprivileged children with proper citizenship training to help them develop their personality they have been enrolled as Cubs, Bulbuls, Scouts and Guides. Packs, Flocks, Company, and Troops have been registered and the teachers of 17 POTA-CABINS have been given formal training from 29th Oct to 5th Nov 2014 under the personal supervision of Shri B.Ramesh, the then Hony. State secretary with the assistance of STC (S) and STC (G).*

It gives us immense pleasure that Scouting and Guiding could reach to the areas where even sun rays are afraid to reach due to threat for life. This was possible only due to courageous action taken by the DOC duo Miss Shainy Ravindra and Mr. S.L.Shori under the personal leadership of Dr. Anand ji Singh DC(S) Dr.Jibitesh Rath the then DCC who at frequent intervals visited all these POTA-CABIN Schools amid dense forests camouflaged by naxal violence risking their personal life. This could be done with high degree scouting spirit. They need all encouragement and recognition at the national level with suitable award granted suo moto by CNC. This was an extraordinary work done in a special area which was never ventured in the history of Bharat Scouts & Guides. This project was even appreciated by Asia Pacific Regional authorities and World Scout Bureau. Some of these tribal Scouts & Guides received Rajya Puraskar and Rastrapathi Puraskar and attended World Jamborees and other International meets.

I am sure this mission SCOUTING IN POTA-CABIN SCHOOLS will be taken up further with the true scouting spirit by the present leadership of Chhattisgarh state and their after too.....

PEACE MESSENGERS

LASZLO NAGY
Secretry General
World Scout Bureau. [WSB]

In a country like India, the strength of young people is tremendous not only because of their obvious quantitative importance, but also because of their quality as well trained, well educated people, competent to meet the challenges of our quickly changing world.

However, the participation of youth has to be channelled in the appropriate direction and two of the main targets are obviously development and peace. Some people when speaking of development, think exclusively in economic terms. Economics are certainly very important but man cannot be a slave to the demands of the economy. The economy should function in accordance with the basic needs of mankind.

Scouting's involvement in peace education is also well known. Some of you may know that, a few years ago, the World organization of the Scout Movement, received the first prize of UNESCO for Peace Education. Indeed, since its creation in 1907, our movement has been actively involved in peace education. The peace loving people of India can help, as they have done in the past, to foster peace and understanding throughout the World, and Indian Youth Scouts and Guides, Scouters and Guiders can play a big role in this action.

YOUTH, SCOUTING & KNOWLEDGE SOCIETY

Dr. Dharmendra Nath
National Head Quarters Commissioner (S)
Bharat Scouts & Guides, India

It is rather strange that the most prized asset of the country's population has not yet got its due share in social decision making. The society has not yet accepted this most energetic and active constituent of the Population as a group deserving special attention. In the developing countries youth themselves are not coming forward due to the pressing problems of hunger, unemployment and defective education. A high degree of motivation is needed to activise the youth. Some of the youths who are eager to come forward are vulnerable to the influence of politicisation and general dependence on elders. In rural areas youth motivation is either too feeble or has not reached as yet. As a result youths have not received recognition which is legitimately due to them. A nation that does not mobilize creative energies of its youth has no future. Youths are supposed to hold the bright torch of the nation aloft, undimmed and untarnished, so that the light reaches every home and brings well being to general masses.

Instead of just reminding the youths that they are leaders of tomorrow, special efforts be made to make them conscious of their role as citizens of today. Makers of history and pillars of democracy, Young men have to work not only as the agents of change but as crusaders. They have to develop an urge from within to adopt great ideals and not to lower these by ignoble compromises.

Youth resurgence is a phenomenon of our age through which young people are forcing themselves on the attention of the older people. Hitherto, older people have been accustomed to take young people for granted. Youths have not been treated as a group or class. They are now asserting as a distinct identity, as a powerful social group. They now count and can not be ignored either as individuals or as a group. The student community being a cohesive force has taken a dominant role. Youth are to be recognized, treated with respect and social leaders have to have dialogue with them. Dialogue means discussion formulating and presenting of ideas, listening and cross examining young people with different views.

The generation gap is a world wide phenomenon. The gap is widening in geometrical proportion. One has to understand youth's point of view and take them seriously. They should feel free to express themselves.

The youth in the developing countries feel that their socio economic

system is not functioning properly and men in power (especially politicians) are mismanaging politics. They are activated by highly emotional and idealistic urges. The youth in the west is pressurizing society to be more universal and humane. They are no longer satisfied with the process, which divide the world into watertight compartments. Youth want recognition as citizens and are concerned with policies. The acoustics between the successive generations has become so defective that they can not carry on an intelligible and intelligent dialogue with each other. Bridges are to be built between generations in the interest of both. Distrust and misunderstandings are to be removed which bedevil their mutual relationships.

Tremendous capacity of young people needs institutional harnessing and translating it into action programmes for socially accepted objectives. In the rural areas mobilizing the youth is all the more difficult due to the transitional social pattern and different patterns of leadership. What is demanded of a youth is the preparedness to face hardships and measure of moral and social courage. Young people have to nourish this courage in their hearts and express it in their thoughts and actions. Youths who come forward to act as the agents of change will have to face resistance. Areas with least or no resistance are to be chosen first, Groups of youth should function as real groups. Employing group processes and try to be self reliant. The youth should have idealism in mind, their vision be wide and high but realistic and practical, and must know the ground realities. Mere excitement without any training and expert knowledge will not be useful. Youths must develop the habit of discipline which is an essential in the attainment of success.

If the Nation accepts the youth to cross new frontiers, to reach new horizons and new goals to achieve, they should be given freedom and opportunity. Only then they can aspire and excel. Youth is really an attitude of mind. Youth is eagerness, desire to achieve, to know to discover and the feeling that all is not behind him but ahead of him.

The youth have a special role to play in the process of change, adaptation and growth. The ideas have to be converted from mere intentions into concrete realities. Each one of them has to make these ideas and values as a part of his or her mental make up. Youth has to be ever vigilant lest the revolutionary changes are not aborted by the moneyed, musclemen and mafia. Youths will have to play an intelligent, effective and decisive role. Pandit Jawaharlal Nehru, the first Prime Minister of India once said, "There is so much to be done and I am looking for men six feet tall to handle the job, but I find only three feet tall men. "Youths have to prepare themselves for the six feet tall mans role. If the underdeveloped nations are to be transformed to a modern nation the present mode of thinking of

youths must change. They should discard redundant traditions, customs and conventions and irrelevant values while retaining the timeless values and faith in future.

It is to be remembered that science and technology have a dominant role in shaping the future. Age long addiction to superstitious is to be given up and the new generation must free itself from the chain of orthodoxy. Youths are an asset rather than a problem. They are receptive to new thinking. They are willing to innovate. It is, therefore, of over riding importance to erect structures within which the resource of young can be marshaled for social beneficial basics.

YOUTH WORK

The building up of new institutions or giving a new shape to the existing ones for a new society is the role of youth work or youth movement. One can agree that this responsibility should be shared by all sections of population. But in practice the tremendous hold of the vested interests and hesitation as well as silence of the poor due to the fear of retaliation from the existing power groups, compels them to suffer in silence rather than complain openly. For this, the youth leadership is to be mobilized. The conscious application of idealism, imagination and courage of youths to the manifold task of development in entirely is the hallmarks of youth work. In the west we come across professional youth workers in the service agencies as well as government agencies who determine priorities.

Youth work, therefore, has a great deal to work with personality development of young people. The work is to prepare the youth as agents of change. Institutions such as family, schools, religious institutions are basically conservative and usually tend to preserve status quo. The youth work can and should lead the youth towards constructive social change.

Among the several important problems that the world is confronted with, the one that is directly related to the youth and his future, is to develop a sound rational for the various needs of our times. There is on one hand an unprecedented explosion of knowledge and on the other hand a great limitation on time available to the youth during which the expanding knowledge has to be grasped, assimilated and mastered. Thus there is great disequilibrium. Experts are called upon to the perplexing dilemmas of our social situation and provide helpful guidelines. Numerous and valuable experiments are being carried out in different parts of the world. There is an imperative necessity to bring together these experiments and project these in the framework of a vision which the humanity is laboring to buildup.

SCOUTING-A MOVEMENT OF THE YOUTH, BE THE YOUTH AND FOR THE YOUTH

G.B. Shaw has rightly remarked, It is strange that the greatest educational and

moral movement for youths of our times was started not by an educationist but a military soldier. Lord Robert Stevenson Smith Baden Powell was aware of the need to view the youth as an individual as well as a part of the society. His experiments and experiences in India and the role of the Boy Cadet Corps in defending Mafeking (1899-1900) had convinced him to found a movement for the children and youths. Sir William Smith (founder of the Boys Brigade) had advised B.P. to work out a programme of Scouting more directly suited to the needs of the rising generation. Finally the success of the experimental camp at Brownsea Island (1907) paved the way for the greatest uniformed voluntary youth movement of our times. Baden Powell developed Scouting as a game. A fun with a purpose that too, under the leadership of boys themselves. The credit of developing an integrated approach of self education for the youth goes to Lord Baden Powell.

Scouting is self education. It is a plan to inculcate good traits among the budding youths. It strengthens youth's character, consciousness, physical fitness and develops leadership qualities. Children and youth undergo transformation as a result of the process of the soialising values of the group system. B.P.'s note to the instructors in his book " Scouting for Boys in India" cautions them do not dull the keenness of the boys, meet their wants by games and Scouting practices and instill elementary detail bit by bit.

B.P.'s Boy Scout Movement is actually a system of self education outside the four walls of the classrooms. It is a moral movement which is popular among the youth and has a universal appeal. Its pragmatic approach i.e., fun with a purpose has made it attractive and the response is tremendous. The membership of Scout and Guide Movement at present is over 55 millions and it covers more than 216 countries of the world.

CHANGING HORIZONS

The contemporary youth looks with fresh eyes at the expanding universe. He is a natural lover of internationalism. The idea of a Universal civilization is developing within him. The present day world is shrinking due to the advances made in the field of science and technology. The youth is crying out for the New World and New Man. The Central being should grow to achieve truth, beauty, goodness, knowledge, power, harmony and skill in works.

THE KNOWLEDGE SOCIETY

The new millennium has dawned and the social thinking is undergoing a change. New pattern of society that is emerging is the KNOWLEDGE SOCIETY. The youth for this society will have to acquire four folds of learnings viz., (i) learning to be, (ii) learning to learn, (iii) learning to do (iv) learning to live together. This requires a life long education which is the keystone of a learning society. The dimensions of living must be restored to the learning process by

redistributing learning in space and time. This learning is acquired through a multiplicity of means. Fundamentals of process of learning are widening, deepening and heightening the consciousness. There is a constant flow and glow.

The outpost of scientific knowledge comes more and more to be set on the border that divide the material from the immaterial. The unknown is not unknownable. It need not remain the unknown for man. The integral knowledge can only come by an exploration, an unveiling of all the possible domains of consciousness and experience. This demands an evolution of one's being and one's nature by a process in which one's will and endeavour have a part, in which one can discover and apply one's own steps and methods. Its growth can proceed by a conscious self transformation. It then become obvious that there is something not yet accomplished.

VISION OF CULTURE

The Higher mental life have been democratized, sensationalized and activised with good and bad results. The change has begun.

Thought, knowledge and beauty have created an effective will for a cultured humanity. The new society will treat in its sociology individual from saint to criminal as souls growing is to be encouraged.

The aim of economics will not be to create a huge engine of production, work weather competitive or cooperative but to give each man the joy of work according to his own nature and free leisure to grow inwardly, as well as a simple, rich and beautiful life. The art goes behind the appearances to reveal the truth and beauty of which things visible to us or invisible, are the forms, the masks or symbols and significant figures.

The new society will not live in the ego but in the spirit not as a collective ego but as a collective soul.

The new age of development must lead to a new and larger synthesis. The youth belongs not to the past down but to the noon of future. One has to be the master of his mind, his life and his body. One has to be a king over Nature of whom one is a tool,. Life should be full of light and bliss it is to live in the infinite and posses the finite. To become oneself is to be, this and all that flows from it. To know is good, to do is better and to be is perfect. The lotus of eternal knowledge is a bud closed and folded up within the youth which opens up gradually.

SCOUTING IN THE 21ST CENTURY

We are marching into the INTERNET SOCIETY and the XXI Century is actually a Digital Century. The Cyber revolution is not merely an informer but a facilitator of growth. Appreciation of things is also changing. The relevance of a thing is determined by the need and purpose it serves. There is little doubt that the

Scouting will not only retain its relevance and has a future bright and greater than even before. For this Scouts will have to :

Accelerate the quantitative growth without compromising on quality. Image and utility of the Movement be further improved by utilizing the new techniques especially the electronic media.

Make the movement more meaningful and it should be expanded in the backward areas too,

Remove the regional imbalances.

Motivate non school youth to join the Movement and properly manage their adult resources.

Develop new leadership patterns, the new leadership training should be New Technology Oriented.

Chalkout new programmes to attact the youth. These should have more of adventure and fun but the purpose should always be upper most in the mind.

Strengthen monitoring and evaluation procedures. Project implementation and delivery mechanisms are to be of high order. Internationalise more and more programmes. More induction and spiritual interaction is needed for international level.

Give priority to spiritual dimension. The coming age will witness religion modified at the empirical level. Idealism be guided by pragmatism and realism. Ritualism should give away to scientific spiritualism.

The knowledge Society has a global prospective and every youth movement has to develop in the global perspective. Important areas of the knowledge society are.

1. *Knowledge and information be used as a source of creating values.*
2. *Use of information and communication knowledge.*
3. *More emphasis on research and development as well as modernising approaches.*
4. *Increased networking and working together.*
5. *Rising skill requirement.*

Volunteers of the Scout Guide Movement have to work in collaboration with like minded organizations at national and international level. They should acquire more skill to make an advance towards the knowledge Society.

Youth and children are to be guided in the art and science of learning process that would liberate them from the urge for external acquisitions and possessions and encourage them to discover their true self and true beings. This synchronises very well with the objective that has long been an essential part of the Indian culture a message of eternal India.

Jamboree is a huge gathering of Scouts and Guides. The founder Lord Baden Powell had a good ear for words and liked to use new names for fresh developments in Scouting. When the idea of great gathering of Scouts was under discussion he avoided words like Rally or Parade. He remembered the Australian, "Coroboree", a spectacular meet where competitions in Boomerang throwing, Wrestling, Archery etc, are held. B.P. thinking was that Scouts at Olympia would be jammed. So the word coined was jamboree. So the word "Jamboree" came to his mind. The word came to be associated with the greatest gathering of boys and girls. It implies a joyful, cheery gathering of boys and girls. The Jamboree is held at the world level every four years and is called world Jamboree. In our country too it is held at the National Level at an interval of four years and is called National Jamboree. The Jamborees lead to national integration and world brotherhood. "Try to leave this world a little better than you found it and, when your turn comes to die, you can die happy in feeling that at any rate you have not wasted your time but have done your best".

- Lord Beden Powell

A MESSAGE TO PARENTS

Dr. ANNIE BESANT

If I had a dozen sons – I have only one – I would send them all into the scout Movement, as soon as they could enter its lowest grade. And I would send the daughters into the Girl Guides, under similar conditions, to being at the beginning. Now do you think that I could say anything stronger than that, as a recommendation to you, who read this, in the way of advice as to joining the scouts or the Guides, according as you are a boy or a girl ?

If you are wondering why I write so strongly, I will tell you why I do. It is because I have seen cubs and scouts and rovers, and I know what a useful lot they are, as boys and as men, and so also with the Girls.

They are good citizens of their country, ready to work for it; ready to live for it, ready to die for it. That is the idea con-veyed by the word "Citizen". It means a man who is fit to be a man who is fit to live in society, fit to live among a group of other people.

We put this in another way in our Scout Pledge. We promise to "do a good turn every day". As you know, a good turn is some helpful act, for which you are not paid in any way, except by love which cannot be bought or sold. And you promise on you to do good things without being made to do them. It is the voice of good within you, bidding you to do some good act which you are not ordered to do by some one who has the right to give an order to you.

You see why you should do a thing that you feel, inside you, that you ought to do. That inner feeling is good voice speaking inside you, and if you do it, you will become a good and noble man, and help your nation to hold up her head among the Nations of the World.

And so God be with you, Brothers, for I, though in a woman's body, am your Brother Scout.

Perhaps, you may like to know that I took the Scout's Pledge from our Chief Scout, Sir Robert Baden Powell, here in Madras, at a big Scout Rally.

SCOUTING THE NEED OF THE DAY -

Dr. Sardar Lakshman Singh
National Commissioner
Bharat Scouts & Guides, NHQ, New Delhi

There is not much in our world of growing automation that would automatically make the boys and girls fit for life, rather present day push button way of living encourages them to become soft and increasingly dependant.

Parents wish their children grow up physically fit, mentally alert, morally straight and socially useful but they are baffled as to how to go about that. It is not all that easy!

It needs hard planning, a push and a tactful urging to get young people into action. Unfortunately so many things tend to minimize the 'do' instinct in the youngsters of modern world. The motion picture, the radio, the television, the automatic record changer, the larger use of automobiles all minimize the need "to do". Doing is creativity and creativity is Development.

It is also a fact that inspite of the traditional dislike of School and Work, young people want to learn, for it is built-in-and instinctive in them. They have flood of questions on things round about and are keen to know.

What is that Mummy? How has it come about ? what is over there Daddy? Why? What makes that go? And so on, are the queries that are about ?

In so many cases, as a result of adult suppression, questions go unasked and if asked, unanswered but they are there, troubling your child, they remain underneath unexpressed. The search for the "now how" persists.

The older age group tries to find out the answers for themselves. They are always on a Voyage of discovery, exploring their surroundings.

Exploring discovery and learning experience help satisfy the 'doing instinct". The urge for progress and achievement makes all the effort worthwhile. Working on a project becomes an act of joy.

If we want our youngsters to be developed into Healthy, Happy and Useful personalities, it is very necessary to put them through activities that promote and build qualities that go to shape them as good citizens. Such activities should appear more as a game or fun than a hard unattractive routine.

Scouting/Guiding programme can do that for the youngsters of groups ranging from 4 to 25.

Adventure activities such as Hiking, Camping, Nature rambles, Rock climbing, Swimming, Canoeing, participation in vigorous competitive games and field sports have and are always popular with them.

If one ever had a chance to go through the Proficiency badges list, one would be surprised at the large number of them that are related to physical fitness. They thus develop healthy habits for life. The whole advancement methodology seeks to help the individual child achieve, a sound mind in a sound body.

Youngsters wish to do things and do them in lively company. Scout method ensures that as well.

When youngsters come to join the Movement, he is put in a small unit of those of his age. He is one of the gang, a small homogenous group. Patrol System in Scouting is not merely a technique of organizing a group into convenient, efficient teams for games and activities, but a unique method of active training for and in leadership.

As they learn skills, they develop hobbies which besides making them handy and useful at home and in schools fill their spare time, keeping them away from undesirable company and occupation. Proficiency badge programme offers a very wide range of interests catering to varied tastes and aptitudes. Computer awareness has entered into their field of interest.

Even a dull or backward child finds some activity of the other at which he could make a good show. He works at that and is helped to retain his interest and gain self confidence.

Boyhood/ Girlhood is generally the time of high idealism and of eagerness to be of service.

One of the outstanding contributions that Scouting has made to the youth of any country, is the opportunity it provides for 'SERVICE".

When a scout enters a hut on fire to save child in danger, he takes all possible precautions and goes ahead to help, not moved by any ideas of the reward but led spontaneously by the spirit imbibed through Scout Law and Promise.

DAILY GOOD TURNS is the common creed of Scouts and Guides the world over. They are the happiest when they, living up to their promise, extend a helping hand to others. Through Badge earning they prepare themselves for that. Their Motto is "BE PREPARED". It is through proper preparedness that effective service to society is possible.

Scouting is as relevant today as it ever was, for it makes these that come to it, fit for tomorrow both in the home and outside in the increasingly disturbed world.

CUBS, SCOUTS, ROVERS AND THEN?

Rev. R.W. BRYAN
Assistant Provincial Commissioner
(Bengal Boy Scouts Association)

Leaving out of account experiments, lesser off shoots and national variations such as the new Senior Scouts of Great Britain and the absence of Rovering in the United States, World Scouting is now organized in the three branches of Cubs, Scouts and Rovers. But we have not yet agreed on a satisfactory answer to the problem of the ex Scout who does not become a Rover or who has outgrown Rovering. I believe that the St.George Guides give us the lines of the right answer to this problem.

For the past sixteen years I have Scouted with a Group in Calutta consisting chiefly of Anglo Indians. Our Rover crew of from twelve to eighteen members has been going steadily for nearly six years. Most of the Rovers a have as Cubs and have been with us ever since. And no one could ask for a happier and more loyal band of brother Scouts; yet for some months before I left them in April we had been feeling that some change was needed. The St. George Guildes seem to me to be exactly what we have been seeking.

Briefly, our main problems are four :

1. *The conflicting claims of home and work and spare time interests other than Scouting. Mervyn has a delicate wife and little daughter who take up much of his time. Rex often has to work till nine or ten O Clock at Night. Billy is one of those chaps who serve on innumerable committees. George is an Olympic athlete, Terence and Malcom go in for accountancy examinations in their spare time. They all take an active part in Church life and they all have cultural and recreational interests outside. Scouting; almost without exception they play hockey, football, and cricket regularly, and without any exception at all they are either married or getting on that way.*

2. *Verifying interests inside the Crew itself make it difficult to plan corporate activities. Some want to be strenuous and energetic at crew meetings; others feel they've done enough rushing round and want to sit. Some are of a mechanical or scientific bent; others literary or musical. Some still want to do strenuous hikes; others feel frankly that they want more restful holidays.*

3. *The weekly meeting in uniform makes a demand which at times, I think every member of the Crew finds too exacting. Some days he has no time to*

change into uniform; some times he is honestly too tired to face the fag of changing some times he is too tired to turn up at all. Whether he comes in mufti or does not come at all, he feels he is letting the Crew down.

4. *We have gone on too long. Our average age is about 27 years. It would be much easier for young fellows to come in at the bottom if the older ones moved out at the age of 25 or 23 or even, as in France, at 20 years, Such an arrangement would solve some of our problems, but not all; because some of them arise even with the younger man.*

During the war I had great deal to do with Rovers and Scouters serving with the Forces in India, fine fellows all of them. During this summer while I have been back in England I have got into touch with many of them again. Some have resumed their work as Scouters. But a very large proportion of the others have had to drop out of Scouting because the Movement generally provides nothing far the man who has not the opportunity for active scouting.

John for instance, has resumed his training as an accountant and has to do a lot of study outside office hours. Charle's work keeps him moving the country so that he cannot manage regular meetings. Bernard's hours of work and his private studies cut him out of Rovering. Bob finds that his parish church claims all the spare time which his work and his home leave him. Bob's work and his growing family require all his attention, leaving no time for active Scouting, though his son is a Cub and his daughter a Brownie.

There is a great danger that these men and hundreds of others like them will be lost to Scouting unless some scheme like the St.George Guildes is used to hold them together.

ONE OTHER PICTURE

Just after the Jamboree I had a few days in York, where during three happy years,1928-31, I had charge of a Church Group. I stayed with Johnny, one of the finest P.L.s.I have ever known, He went right through the war in the artillery and is now back with this old firm, in a responsible position, married to a former Guide, with the bonniest baby to make them happy. The old group, alas, is out of action just now, but Johnny staged a reunion in his own home.

A baker's dozen of the keenest lads of the old days turned up, and later on I met five more. Every one of them had served in the forces, and was now married and settled down in a decent job, most of them in and around York.

But it was the same old story. Not one of them had any active connection with Scouting Now. Personal circumstances made it impracticable for them to be Scouters. They had grown out of what I would call the typical Rover outlook and

interests. But one and all they still cherished the memories and the ideals of the halcyon days when they were Scouts.

What can be done for them ? and is all their love and gratitude for Scouting to be lost to the Brotherhood?.

When tongues had wagged incessantly for two hours with the incessant refrain of Do you remember? And to the steady accompaniment of cracking laughter, when Violet and her ex-Guide helpers had worked the woman's usual miracle with refreshments; and when South had set us laughing again with the old query which had always heralded the end of Troop meetings,"What time have you got to be in, Henry? Addressed to a demobbed able seaman of the Royal Navy who was just getting accustomed to the restrictions of married life there was a pause, and I leapt in and told them of the vision I had brought back from France of some thing like the St.George Guilds wherever there are Scouts. I did'nt ask them to do more than think about it for the present but the idea appealed to them, and with a little encouragement the seed, i planted will spring up and bear fruit.

Here, then, are three different sets of old Scouts who have a need which I believe could be met by organizing something on the lines of Denmark's Guilds of St.George ove Holim's paper was printed in the October number of Jamboree. So there is no need for me to give an outline of the Guilds here. In setting out our problems I hope I have shown by implication the main arguments in favour of the Guilds, but I will try to summarise these now.

1. *The Guilds provide for both sexes. The greatest single rival claim on the time and attention of the adult scout (outside his work) is that which is represented by Courtship and Guilds. Marriage, it need not be rival claim at all in the Guilds, because membership is open to both partners. I have found that quite a large proportion of old scouts marry old Guides.*
2. *One official meeting each month, and on uniform, is a demand which all but a very few can meet.*
3. *The more informal groups within the guild. Meeting for other activities, provides for a big variety of interests. Rovering has in practice tended to produce just one type.*
4. *The Guilds would enable us to mobilize for the support of the Scout and Guide Movement an immense amount of existing good will and future help; and they would be a valuable form of on operation between the two branches of the movement.*
5. *I believe that the Danes are right; Scouting is for boys and the adult side if it is best organized as a parallel movement not as a department of the Scout organization.*

It may be said in reply to all this that we already have provisions in P.O.R. for associations of old scouts. So that there is no need to drag in the St.George Guilds.

The fact that in the few places in Britain where old scout associations have been formed and properly run they have been an unqualified success goes to prove that I have been arguing along right lines. But I believe we can make good use of the wider experience which the Guilds have, and I prefer them in the two places where they chiefly differ from the old scouts namely, the first and the last of the five points listed above.

There is one criticism which I venture to make unless they read better in the original Danish than in the English translation, the ten laws of the Guilds could be improved upon. Some of them are too vague, and not very inspiring and I cannot find the pattern on which they are arranged. How ever, that is only a personal opinion, and one on which I must not presume to enlarge now. There is one other point I should like to be allowed to mention.

At the International Conference, we were asked to suggest some alternative name that could be used universally and so, I venture to put forward the proposal that the Associations of former Scouts and Guides be known as HOLDFAST GROUPS.

The use of the term Groups emphasizes the parallel to the Scout Groups. The term Holdfast has the advantage of being quite new in this connotation, yet it is familiar to Scouts and has a pioneering flavor to it.

GUIDING - A LIFE OF TRUTH GOODNESS AND BEAUTY

Major T.K. Nagambal
Former Joint State Secretry
Bharat Scout & Guides, Karnataka

All the flowers of all the tomorrows are in the seeds of today.

The war-torn world of today is eagerly looking forward to be peaceful, progressive, happy and beautiful future. I am sure that this can be realized through the world wide youth organization, guiding which aims at forming a nucleus of the Universal sisterhood of humanity. The Girl Guide movement advances the cause of human harmony to consider all men and women as brothers and sisters without any distinction of Caste or Creed or Clan, Country or Colour.

In this organization, the children of different age groups are brought together into one fold as BULBULS at the primary level, as GUIDES at the high school level, and as RANGERS at the Youth or College level.

As a bulbul, the child learns to use her eyes and ears to observe nature, discover the secrets of trees, birds, animals and jungles, by going close to NATURE Listens to stories of Saints and Warriors to develop goodness and adventurous spirit. In holiday camps, she learns to accommodate herself, understands the other children, tries to co operate with them and communicate with the team members, through play, activity and living together. A Bulbul knows her place in the home, school and community.

Guiding is an extra curricular and an out door activity in schools and colleges. It is a channel to develop different skills latent in children and to exhibit the same for recognition and appreciation.

As a guide, the growing girl wishes to stand on her own feet, to feel free and independent, to be a person in her own right. It is at this age, the guide needs a guider to Guide and train her in the rightpath. In uniform, as a smart member of the large family of Guides, she has the freedom to choose her own programme of work, progress at her own standard, win different badges of efficiency and develop various skills like cooking, cleaning, sewing, singing, handicrafts and hobbies,. She independently plans, programmes, performs to achieve perfection.

Through training, a Guide can, not only learn all about health hygiene and sanitation but also how to look after the sick and old. A guide knows the value of

Sharing, Serving and Sacrificing with a smile. In training camps she learns how to accommodate herself, develop team spirit, comradeship and cooperation in group work. Friendliness and cheerfulness become a habit in her. She realizes her duty to home, community and country.

Once a Guide, she is a guide forever, to guide others. Be prepared is her Motto. Under all circumstances she is prepared in Mind, Body and Action for the betterment of humanity. The true meaning of love, affection, friendship and respect for elders, is understood by a guide at this stage. She gets used to corporate life and knows her duty to Humanity.

Religion is the right way of life, live a life and not leave it. Life is happy life which is true and it is beautiful to those who know the science of life, that is to know the conduct of life. From the prime of age a guide learns the code of conduct, practices it and makes it a habit, so that it grows as the best of character in her. A guide is taught to give and forgive and not to get and forget. The opportunity of service and leadership are grasped now to get better chances for unselfish service in the future.

Now the grown up matured girl guide becomes a full fledged responsible leader to serve others as the Ranger. She is independent in thinking, compromises with her emotions, needs the security of belonging to a group or learn of companions of her own age. She finds for herself a set of values and social skills by which she can live happily and beautifully as a good citizen. She exhibits a code of behavior in Guide Promise and Law. She gets interested in experiment, novelty and adventure, faces challenges of life in a courageous way and comes out successful in establishing contact with all others.

She lives a scientific and Religious life with a Strong moral caliber and sterling character. She realizes that all Religions are the same and there is nothing greater than "Truth", Thus she reaches the goal of humanity and becomes a perfect woman to fit into a family as an obedient daughter to the parents, wonderful companion and loving wife to the husband, affectionate mother to the children, hospitable relative to the kith and kin and a charitable grand mother to all fellow beings. She is the Light of the home and a jewel of the Nation.

Service to humanity is to raise the sinner and the debased, to teach the ignorant to uplift the opposed, to feed the starving, to clothe the naked, to nurse the diseased, to comfort the unhappy. If at all our women in the country are educated and trained in guiding to become a full fledged citizen, with a developed personality, Moral caliber, and sterling character, Don't you think that they can live a Life of Truth. Goodness and Beauty and be the torch bearers for a better future?

A LADY TO BE REMEMBERED ON THIS DAY

Mrs. Mythili Sampath
Former Asst. State Commissioner (G), BS&G, Karnataka
Headquarters Commissioner (G) Publication, BS&G, Karnataka

AGNES BADEN POWELL born in 1866, the only girl in the family. Her father was a Clergyman and a Professor at Oxford University. Her mother was Henrietta Smyth.

Agnes lost her father when she was a small girl. Being a girl she was not allowed to join with her older brothers in all the adventurous expedition. She stayed at home and learnt to sew and knit. But Agnes managed to learn many things from her brothers during their school holidays. She mastered the art of knitting and sewing so perfectly, that she became President of Queen Mary's Needle Work guild.

Agnes was interested in natural history and learnt a great deal about trees, flowers, birds and beasts. In her mother's house in London, she kept bees which lived in glass house on the balcony and their honey got prizes at various show. They would construct their honey comb in any shape that their owner fancied the most famous being a honey bicycle.

Agnes had a whole colony of live butterflies in her sitting room. She also kept varieties of birds not in cage but flying about freely over the heads of the human inhabitants. She wrote in her dairy " I have had dearest little sparrows for 11 years who were a tiny silver bell on a thread round his neck and flies after me, wherever I go. If I put a cromb on my lips he will fly into it and eat it and even when in a different room he knows my voice and calls to me". She was an artist and had a passion for any handicraft musician, a metal worker and she could speak many languages.

Agnes took part in exciting bicycle polo with her brothers with long skirt over the bloomers. She was a pioneer in introducing such activities for girls, because out door game was not much played by girls in those days,. When Lord Baden Powell brought his sister in the Girl Guides activities Agnes was in her forty and fifty years, well known for house wifely and womanly arts. In the year 1900, when the enterprising young women determined to become Scouts like their brothers there was a good deal of opposition,. Mothers did not want their gentle daughters to be turned into tomboys and they objected strongly to their becoming scouts. The underlying determination expressed by Agnes Baden Powell was that Girls should be partners and comrades rather than dolls. As a President of the New Girl Guide

Movement, parents were reassured into allowing their daughters to join. Liberal minded Head mistresses were quick to see and support the educational Value of such a scheme.

In1910, 11th August the official organ "HOME NOTES' appeared. It contains a message from Miss Baden Powell to the Girl Guides and a short article by her on, "Our Working Girls". She recognized the gallant deeds done by guides and sent silver medals to the Guides. She never ceased to insist on the open air side of the Movement, Miss Baden Powell wrote a book "THE HAND BOOK OF THE GIRL GUIDES" OR HOW GIRLS CAN HELP TO BUILDUP THE EMPIRE", with the help of the Founder. This book is an adaptation for the use of girls of Scouting for Boys. In this book she was able to change the masculine activities and inserted for several chapters dealing with nursing, house wifery, child care. The out of door practices such as stalking and tracking, signaling, camping came under the section called 'finding the injured' while nearly all the indoor practices came under the section called Tending the Injured,. Thus throwing dust in the eyes of the anxious mothers. In short, this scheme is more adopted for training in womanliness and as well usefulness. The publication of this Handbook marked a great progress in the guide organization.

As she grew older and the Movement was gradually taken over by younger generation with the Founder's wife at its head, Agnes continued her keen interest and often visited camps and rallies. Still sticking to her original guide hat which she declined to turn up at the side one.

At the age of 80, she was in a very good form and full of happy reminiscence of guiding, In June 1945, the Movement mourned the death of Miss Baden Powell at the age of 86. Without her courage, originality and hard labour in the early years it would never have become the great force which we are all playing and enjoying. Baden Powell paid a warm tribute to Miss. Agnes Baden Powell for having brought the Association triumphantly through the most exciting and difficult circumstances.

All Girl Guides and Girl Scouts owe to Agnes Baden Powell a debt of gratitude for her big share in the game of Guiding and each Guide and Girl Scout should take the inspiration and determination to live her life at its best and highest.

Towards Democracy Through Scouting

If the youth of our country is given an opportunity to get himself trained in democratic means, he would certainly be turned into a good citizen. He would not have taken weapons in his hand to kill his own brothers and sisters, of the country, of the sisters, of the country which got his freedom through non-violence.

We are very proud to be the citizen of India, the largest democratic country in the world. But our schools and colleges fail to train our youth in the principles of democracy. Our Political parties also fail to provide proper training to their followers; who are going to rule our country. Due to this, we find today restlessness and dis-satisfaction, frustration among the youths. The Bharat scouts & Guides movement, the largest youth movement in India, provides the necessary training to build leadership quality and to develop values and virtues.

Patrol system :

The boys and girls want to have fun and adventure with their friends. They want to feel they belong to one group. The companionship is provided in patrol system. Patrols are units for work, play, fun and enjoyment in a disciplined atmosphere.

In their tender age, the scouts and guides are able to practice the principles of democracy through their patrol activities without knowing that they are learning the very important value which is essential for a democratic country. Patrols are the institute which provides the best suitable environment for this learning process.

Patrol system is an integral part of scout movement and scouting without patrol is not real scouting.

Patrol system is not an artificial or mechanical device that will run by itself. The success will depend on the leadership provided by the leader, who seeks to influence them. He has to add a drop of democracy to the patrol organizing process. The boys may be asked to list out scouts whom they would like to have in their patrol. When it is time for a new patrol to elect its patrol leader, have a little talk with them. Tell them the choice of the scouts they feel is most, likely to do a good job as their leader. Perhaps the first experience they will have exercising their democratic rights to vote.

If you fell it is a bad choice, don't interfere. If it is bad choice, they will find out quickly and learn from experience. That is how, a Scoutmaster who has faith in democracy will train the boys.

This experience in their youngest age in voting and leading will certainly give them a head start towards an active

participating membership in the society. Scouts and Guides will see that Team work in the Patrol process and will be determined to work together in their efforts to win. If our Political leaders follow our methods it will create a better political climate in India.

Court of Honour

The Patrol is the heart of the Patrol System, but the brain that guides, is the Court of Honour, under the guidance of the Adult Leader. The patrol leaders learn to plan activities of the Troop / Company and learn to run their patrols in a democratic way. They plan their meetings, hikes, camps, good turn, entertainment, special projects and assign the responsibilities for carrying out the plan to various patrols.

It is the clearing house for special problems that arise. Patrol in council and patrol leaders council (Court of Honour) basically train the Scouts and Guides in this direction.

Camps : Out Door Life :

Out door life is an important place in the training of Scouts and Guides for practicing 'Democracy'. They make themselves comfortable with the available resources. During their camp life they learn to forget the differences and live a community life in the atmosphere of better understanding under their own chosen leader. They start to live a disciplined life, even when no one sees them. The people who understand "Real Democracy" will pay any price including 'Life" to maintain this democracy and they will live in peace and harmony respecting each other. 'Live and let live' will become the formula of the country.

Scouting method have proved effective in developing leadership from the group level to National Association, in every organization set up the Leaders of the Adults and elected democratically.

In the training programme of Adult Leaders besides Scouting skills they are trained to be good leaders who can be role models for the scouts and guides. We help them to do their duty and make their country a green land. We will do our best to influence the youth through scouting. This should be our Goal, the earnest Goal of our Hearts and Minds for our God and Country.

Rovering / Rangering & Young Adults

M.A. Khalid
President Scout & Rover
State Commissioner (S)
Bharat Scouts & Guides, Karnataka

In the recently concluded National Jamboree, we realized the importance of Rovers and Rangers who rendered tremendous service to make the Jamboree successful in every possible manner. This has been the success story of every Jamboree, be it be National or International. Their services are essentially required and there cannot be a better person to vouch than I. I have been a Service Rover in 3 National Jamborees. Basically these Rovers and Rangers are essentially young adults. The main goal in Scouting/Guiding is not only to use their services at times of need and emergency but also to support and stimulate such young adults to develop him/her potential, enabling him/her to be an active and happy citizen and contribute to creating a better world.

There are number of Challenges that young adults must face in different areas if they are to successfully enter adult life. Finding their place in society, choosing a profession, developing a value system, developing personal relationship and building lasting partnership are some of the challenges.

Rover Scouting/ Ranger Guiding is the learning environment that Scouting/ Guiding Offers to those who follow the last part leading to the adult life. Hence, we should support the Rovers/Rangers to develop to their full potential in all the areas of their personalities to grow into autonomous supportive, responsible and committed human being.

Today, the Rovers/Rangers need to enjoy the benefits of life in the out doors for their development. Such activities help to compensate for the increasingly sedentary life style of young adults. Challenging Rovers/Rangers to expand their limits and test themselves against and with nature help to achieve their educational objectives. Spending time in the out doors particularly going on cycling and trekking build stamina and fitness. Life in nature provide a vital relationship to the natural world especially amongst us, ie the city bred.

Activities are to a great extent what makes Scouting fun, but it is important that it is "fun with a purpose", especially for Rovers/Rangers. More so, because they are useful tools for their development to adult hood. Activities should include opportunity to deal with issues important to young adults, like health, relationships, responsible attitudes, life styles, personal safety and life choices.

We often talk about "Learning by doing". This is nothing but an activity which is a flow of experiences, which offer an young adult the possibility to acquire knowledge, skills and attitudes corresponding to one or more educational objectives. The young adults learn through the experiences they gain from activities.

Young adults feel the need to discover other places and other communities. The symbolic frame work of the Rover/Ranger should recognize their need. Rovering/Rangering also means travelling exploration and discoveries. They should discover how people in various environments live, their culture, their beliefs and their expectations.

Rovers/Rangers have to find their place in Society. They have to discover and play adult roles, they have to have their competencies recognized not only by their friend but also by their community.

The aim of Scouting/Guiding is to prepare the individual to be an active and responsible citizen. Rover Scouting/Ranger Guiding as a final step of Scouting/ Guiding to help young adults to discover the community and find out how they could play an active role and contribute to its development. This is just what young adults are looking for some times unconsciously.

"Loyalty to Country is of the highest Value for keeping men's views balanced and in proper perspective. Service for others and self-sacrifice must necessarily include readiness to serve one's Country".

- Lord Baden Powell

The Bharath Scouts and Guides, Karnataka
17th National Jamboree of Scouts and Guides, Mysuru

On 4th January 2017 Benedicition Speech Delivered by **His Holiness Jagadguru Sri Shivarathri Deshikendra Mahaswamiji**

Sri Sutturu Veerasimhasana Mutt, Mysuru
at All Faith Prayer Meeting held at Jamboree Grounds, Mysuru

ಅಖಂಡಮಂಡಲಾಕಾರಂ ವ್ಯಾಪ್ತಂ ಯೇನ ಚರಾಚರಂ ।
ತತ್ಪದಂ ದರ್ಶಿತಂ ಯೇನ ತಸ್ಮೈ ಶ್ರೀ ಗುರವೇ ನಮಃ ॥

The more one celebrates one's life; the more in life to celebrate.

We feel enormously pleased to be the part of this mammoth Jamboree of Scouts and Guides while people are eagerly welcoming the New Year, leaving behind the memories of the year that passed by. It is not just a happenstance that event is organised at this time, but to resolve that one must move ahead in the unchartered path of destiny. We wish you all a happy new year. May you be blessed with inner peace, true love and unconditioned joy!

The weeklong Jamboree is drawing to a close today after a hectic creative events of all hues. The newly found camaraderie and amity sprouted amongst you in the week passed by, is coming to a close, leaving behind a pain of separation and joy of new experiences. It is indeed one of the biggest youth gatherings coming from all over the country and few other countries. - a rare conglomeration of children of wide age groups with unity in purpose. The dream of a retired Army General and founder - Lord Baden Powell dreamt 110 years ago to bring forth the intellectual, physical, emotional, social and spiritual potential amongst the youth to make them responsible members of the Community, is being realised in each of the jamborees held. The 17th National Jamboree appears unprecedented in terms of number of participants and effective organising potential. Jamboree is engaged in the task of developing the personality of the youth and channelizing their energies into the task of national resurgence. The Scouts and Guides are seen working with dedication and commitment to serve the community throughout the world. In India with over 50 lakh Scouts & Guides, one should be proud that it is the third largest in the world. People of Karnataka are indebted to His Highness Nalwadi Krihnaraja Wodeyar for his forethought in translating scouting vision into a reality in 1917. In all schools Scouts, including Girl Guides were started for different age groups under different names - Cubs, Bulbuls, Scouts, Guides, Rovers and Rangers under his stewardship.

*The Hon'ble President of India while inaugurating this Jamboree has rightly stated; **'No doubt the youths are an asset to***

the country. But they need to be properly motivated and oriented to serve the nation. They have to improve their skills and knowledge and develop an integrated personality. If this is achieved, there is no doubt that this young workforce will be the true asset of the country'. *The objective of Scouts and Guides is to infuse the sense of universal brotherhood and tolerance amongst the divergent religious societies; though one is free to follow one's own religion, one is bound by the fundamental unity of humanity which is the core belief of scouts. All of us are proud that India is relentlessly pursued this unique philosophy - 'Unity in Diversity' thoughout its history. The coexistence of multiculturalism is woven into social structure from time immemorial. In Upanished, the Rishi says :*

'ಅಯಂ ಬಂಧುರಯಂ ನೇತಿ ಗಣನಾ ಲಘುಚೇತಸಾಂ,
ಉದಾರಚರಿತಾನಾಂ ತು ವಸುಧೈವ ಕುಟುಂಬಕಂ'

"One is my brother and the other is not - is the thinking of a narrow - minded person. For those who are broad - minded, liberals, or noble people, the entire world is a one big family". And also

ಏಕಂ ಸತ್ ವಿಪ್ರಾ ಬಹುಧಾ ವದಂತಿ

Truth is one; the wise call it by many names -

The youth of the world today must understand that the essence of all religions speak of peace, compassion, Justice and interconnections of all forms of life. Human birth is very precious and meant to achieve certain objecetives of life of the purusharthas such as; Dharma (rightousness), Artha (material wealth), Kama (desire) and Moksha (salvation). One should go beyond rituals and peripherals religious practices to attain Mukthi. The same feeing-welfare of all - is reflected in our daily prayers;

ಓಂ ಸರ್ವೇ ಭವಂತು ಸುಖಿನಃ,
ಸರ್ವೇ ಸಂತು ನಿರಾಮಯಾಃ ।
ಸರ್ವೇ ಭದ್ರಾಣಿ ಪಶ್ಯಂತು,
ಮಾ ಕಶ್ಚಿದ್ದುಃಖಭಾಗ್ ಭವೇತ್ ॥
ಓಂ ಶಾಂತಿಃ ಶಾಂತಿಃ ಶಾಂತಿಃ

Om, May All become Happy,
May All be Free from Illness.
May All See what is Auspicious,
May no one Suffer.
Om Peace, Peace, Peace.

We fondly remember the former President Abdul Kalam, a paragon of virtues, for his commitment in interfaith harmony and universal brotherhood. It was expressed poetically through his Spiritual Garden in the precincts of Mughal garden of Rashtrapthi Bhavan; where plants and trees associated with various religions of the world are nurtured. The garden signifies spiritual unity as shown by the harmonious coexistence of different plants that grow on the same soil, use the same water and breath the same air, the idea Dr. Kalam wanted to convey was that; ***'if plants and trees can grow together why not people?'.*** *In the garden of Scouts and Guides, the children should blossom spontaneously. Such a virtue is visible to us today in your young and glowing faces. This essence of humanity is well expressed by Basavanna in this vachana :*

ದಯವಿಲ್ಲದ ಧರ್ಮವದೇವುದಯ್ಯ
ದಯವೇ ಬೇಕು ಸಕಲ ಪ್ರಾಣಿಗಳೆಲ್ಲರಲ್ಲಿ!
ದಯವೇ ಧರ್ಮದ ಮೂಲವಯ್ಯ
ಕೂಡಲ ಸಂಗಯ್ಯನಂತಲ್ಲದೊಲ್ಲ ಕಂಡಯ್ಯ

How can there be a religion that does not advocate compassion
Compassion should be bestowed on all living beings!
Compassion is verily the basis of all genuine religions!
Without Compassion to all,
One cannot win your heart, Oh!
Lord, Kudala Sangama!

The jamborees like this would provide for sprouting of the ideas like selflessness and dedication for the welfare of the country, as John F Fennedy urged his countrymen : ***'Ask not what your country can do for you, ask what you can do for your country'.*** *It can be best done by the performing ones' duties without being critical of others and elicited in this vachance of Basavehwara*

ಲೋಕದ ಡೊಂಕ ನೀವೇಕ ತಿದ್ದುವಿರಿ?
ನಿಮ್ಮ ನಿಮ್ಮ ತನುವ ಸಂತೈಸಿಕೊಳ್ಳಿ;
ನಿಮ್ಮ ನಿಮ್ಮ ಮನವ ಸಂತೈಸಿಕೊಳ್ಳಿ.
ನೆರೆಯವರ ದುಃಖಕ್ಕೆ ಅಳುವವರ ಮೆಚ್ಚ
ನಮ್ಮ ಕೂಡಲಸಂಗಮದೇವ

Why do you try to mend the failings of the world?
Assuage your bodies first, each one of you!
Assuage your own minds, each one of you!
Lord Kudals Sangamadeva does not approve (sympathize with) those bemoaning (weeping for) neighbour's grief!

Every child in this gathering must not only remember but practice the farsightedness expressed in the words of Baden Powell, ***'Try to leave this world a little better than you found it and, when your turn comes to die, you can die happy in felling that at any rate you have not wasted your time but have done your best'.*** *Believe in your strength and work for the realisation of your full potential.*

The impossible becomes possible by the grace of god

It is a matter of pride for the people of Karnataka and hundreds of other great people who have immensely contributed for the growth of scouts and guides movement in that last 100 years of its fruitful existence. Amongst them the name of Shri Kondajji Basappa stands tall as he is inseparably twined with Bharath Scouts and Guides. He shouldered a huge responsibility and his rare insights made scouts an enormously respecetable youth force today in India. He had a multifaceted career as an Educationist, a Co-operator, a Legislator, a Parliamentarian and Union Deputy Minister and above all a SCOUT. The urge to serve the people and community was always his priority, because of which the scout movement in the country took a definite planning and execuction in his times. No wonder the Scouts have honoured by electing him the State Chief Commissioner.

Organising an event in such colossal dimensions is a task seldom taken up by the ordinary people. Karnataka has had the opportunity to holding it 3rd time. It is a blessing that Mysuru district was chosen to

hold 17th Jamboree. Besides others, the efforts of Sri P.G.R. Sindhia, who has spent a life time in social service and politics, should be acknowledged here. He is known for his organising capability, which has come into sharp focus in this event. The office bearers of scouts and guides, govt. officials, organisations and general public have spared no stone unturned in this making this event a magnificent achievement. The credit for this goes to everyone including the thousands of participating children in mega event. We may not build a future for youth, but we can always build youth for future. The youth of today will create the hisotry of tomorrow as they are the real trustees of prosperity.

Dear children, these eight days have taught you many lessons of life. ***"Live your truth. Express your feelings. Share your enthusiasm. Walk bravely towards your dreams. Walk your talk. Dance and sing to your music. Embrace your blessings. Make today worth remembering."***

Carry these sweet memories back home as you all lived here as children of one mother. Share these experiences with your siblings and friends and strive to live these principles.

May God's blessing be with you always.

Role and Significance of Folk Arts & Literature in the Society

Dr. Go.Ru. Channabasappa
Chairman, Publications Committee
Bharat Scouts & Guides, Karnataka

My dear scouts and guides

At the outset, I would like to wish you all a happy new year, which starts from tomorrow, and congratulate Mr. P.G.R. Sindhyaji, the State Chief Commissioner, Karnataka Scouts and Guides, for having accommodated the folk festival as one of the events of this 17th National Jamboree of Scouts and Guides.

Even though my health does not permit it, just because of my intimate association with the Scouts and Guides Movement for the last forty years, and my attachment to the field of folk arts and folk literature; above all, the affection shown by our State Chief Commissioner and the office bearers of our State organisation for the opportunity given to me to be part of Folk Festival Organised at the Jomboree.

As you all might know, Karnataka is one of the treasures of traditional folk arts in India. Folk means common people residing in rural areas and hillsides. Folk arts are the creation of these common people. These arts have a significant role and effect on their lives. Their living is based on faith founded on long traditions and shaped by experience.

In any part of the world, folk arts are being regarded as original forms of the modern arts. In India there are more than thousand forms of folk arts. In Karnataka itself, we have identified nearly 200 forms of folk arts. Generally, folk arts are performed during festivals and fairs, where a large number of people gather at a place.

Some may think that folk arts are a thing of the past. But the present is built on the basis of the past only. So we cannot ignore the past. Actually, folk arts are more colourful, more attractive, more interesting, more varied than we think. There are folk stories, folk songs, folk dances, folk dramas, folk dresses, etc.

I think that our scouts and guides delegates from various states are going to present some of the folk arts of their lands in this festival. Another distinguished feature of folk arts is that it is very easy to learn and the performance needs no specialised platform or auditorium. Simple in their nature, they can be performed easily in any open space.

Considering the value and beauty of folk arts, which also serve as cultural binding forces between people, I appeal to the authorities of the Scouts and Guides Movement for giving special attention in training the boys and girls during their camp period.

With these words, I thank the organisation for having given me an opportunity to be with all of you for some time and wish the jamboree all success.

First All India Scout Jamboree - New Delhi-1937

R. Chandrasekharan
Former Assistant Director, ERHQs, NHQ
Former Headquarters Commissioner
(Publications), Karnataka

Boy Scouts Association of India (BSA) organised the 1st All India Scout Jamboree at New Delhi during January - February, 1937. India at that time was a vast country undivided and comprised of all SAARC countries, present India and also Myanmar (Burma) and Afghanistan. India also had 560 and Odd Princely and Soveregn States forming part of this great country. There were also 5 main provincial areas headed by Governors - all holding allegiance to the crown in London. Indian affairs were managed by the Viceroy from New Delhi. There were as many Scout Association registered with BSA. There were also some Nationalistic Scout Association.

Considering the Social, Economical, Communicative and Political scenario in the country at that time, the Jamboree of Scouts participated by nearly 6,000 Scouts from all over the country and more than 12 countries from abroad, with the theme of "Peace and Brotherhood" was a living wonder.

Karnataka (Southern Part) - then Mysore State participated in the Jamboree with one of the largest contingents, led by the Chief Scout Commissioner of the State Justice Sri K. Shankara Narayana Rao.

Sri MHR (Top Standing 5th Person) popularly known as BP of Karnataka and founder of Chamundi Scout Group; His brother Gangadhar, A senior Scout of the Group; Sri M. Venkatakrishnappa a scouter from Kolar and his brother M. Gopalakrishna, a Senior Scout of K.R. Scout Group, Kolar attended.

All the participants were housed under canvas and it was a sight to see them in action in the city of tents. Having braved the hardship of the journey of those days, they also had to bear the rigors of the weather, manage with language barriers, adjust to the food habits and still make friendships.

The standard of Scouting of the Mysore contingent was very high and hailed as being better than the one in its birth place England.

Lord and Lady Baden Powell were guests of H.E. the Viceroy and stayed in the Viceregal Mansions (the present Rashtrapathi Bhawan, New Delhi).

B.P.s Message: In his address to the Scouts, B.P. mentioned of the great historical city of Delhi and its many impregnable Forts; The majestic Mansions

In the Chair : Justice K. Shankara Narayana Rao (centre) flanked by Major YVK Murthy, Deputy Chief Scout Commissioner and Sri S. Bhyrappa on his right and Sri Abdul Gaffar to his left.

and the beautiful environments; He mentioned of the Masons, Artists, Architects and the intellectuals who built the city brick by brick and the many artists who have beautified it. He called on Scouts to emulate their example and do away with parochial tendencies of Regional, Religious, Linguistic barriers and stay together as members of one family as brothers. This Jamboree was BP's 3rd attempt, to unite all the Scout Associations in the Country into one. His dream was materialised with the formation of the Bharat Scouts and Guides in 1950.

Rocket Post: Another special feature of the Jamboree was an idea by the Postal Department to disseminate information and release 1st day covers and postage through Rockets. In all, 12 Rockets were used to be fired to go up 500 feet and burst so that booklets and pamphlets to land at heavily assembled areas. The last two were however fired to land near Lord and Lady Linlithgow the Viceregal couple; Lord and Lady BP. our founders and Lord & Lady Cassels, Chief of the Army. This feature remains etched in the memory for its innovative venture. (Source: Jamboree Souvenir of 16 National Jamboree, Hyderabad in 2011)

Colourful Features: Other important features were the Marchpast; the Route March in the main thorough fares of the city; The Pageant; Cultural events and Camp fires all of which added colour to the event. Yes, it was by far the most spectacular event of the Pre-Independence era of Scouting.

As a boy of 3+, I still remember the excitement with which my father (M.H.Ramachandra Rao) and uncle Gangadhara packed their things before going and narrated their experiences with joy after their return. I cannot explain the

pride with which, I relived their narration and excitement when after years my uncle gifted me with the small steel trunk he used to carry his things to the Jamboree.

Yes, I cherished his gift for long. After decades of my Scouting as a Cub, a Scout, a Rover and a Scouter and holding positions at District, State, and National levels, as a Trainer, I was thrilled to receive a call from NHQ to be the Sub-camp Chief at the 12th National Jamboree, Palghat (Kerala) during the year 1996.

The All India Jamboree, 1937 was only for Scouts. But the Jamboree of the BS&G is for both Scouts and Guides. We were a divided country then and met for understanding each other and explore avenues for unity. The present day Jamborees are more colourful. We meet as one entity to show our strength of Unity in Diversity. Numerically the Jamborees of the present vie with each other to establish the numerical strength with each passing event. Let us take Karnataka itself hosting a National Jamboree for a 3rd time.

The 3rd National Jamboree in Bengaluru in 1960 had 10000 + participates
The 10th National Jamboree also at Bengaluru in 1986 had 20000 + participates
The 17th National Jamboree at Mysore, this December 2016 is all set to break the record with nearly 30,000+ just like a world Jamboree participation.

The theme of the 17th National Jamboree at Mysuru was also unique. It says "Together for a better tomorrow" How appropriate for the day!!

- *It made friendships and brought our hearts together;*
- *It created a better understanding;*
- *It taught the theory of give and take;*
- *It taught the theory of care and share;*
- *It taught us to live in harmony;*
- *It taught us to be happy even under difficulties;*
- *It gave us a new vision;*
- *It taught us to ignore the short comings of a person;*
- *It taught us to recognise the glory of the heart within;*
- *It taught us to learn;*
- *It taught us self reliance;*
- *It gave us better know of things;*
- *It taught us to build a better tomorrow;*
- *It taught us to be united inspite of diversities;*
- *It provided a platform to live together to sing together*
- *"And together we showed we are one people"*
- *It gave us strength to follow BP's message;*

"Leave the place better than you found it"
"Leave the world better than the times we" were born says B.P.

- *It was time we thought of the link up together as in 1937, when all the voices sang the brotherhood / sisterhood pledge.*

"We be of one blood, you and I"
Children of the same God -
Blood brothers we (Sisters we)
Not in this life, shall be know enmity of strife".

How To Promote Worthy Children

C.S. Reddy
National Awardee Teacher
National Silver Elephant Awardee Scouter
State Secretary
Bharat Scouts & Gudies, Karnataka

Children are like seeds. The seed sprouts and grows into a tree, giving many benefits depending on the availability of water, manure, warmth of the Sun and care of the benefactor. The same is true with regard to children also.

Here are few tips to promote worthy children resulting in worthy citizens.

* ***Be a Model:*** *"Children need models than critics" children are the best imitators. Whatever they see, hear, think shall have a tremendous impact on their growth or decline. Mother and Father should acquire good traits.*

* ***Good and Bad:*** *Right from the childhood, encourage children to learn what is good and what is bad for them. This spirit if discreet, discrimination helps them to choose the right course always. When the child does a wrong thing correct him and do appreciate when it does a right thing.*

* ***Discipline:*** *Teach them to be disciplined in behaviour, habits, speech and dealings with others.*

* ***Charitable Nature:*** *Teach them to share, not to store. Tell them the importance of being charitable in speech and action. Make them learn the tendency to help others which is a basic quality of a good citizen.*

* ***Thinking and Questioning:*** *Train them the dignity of Labour. Doing one's own work without depending on others is a healthy habit.*

* ***Value of Time:*** *Children should learn the value of time. Time lost is life lost. Make your children learn the management of their time. Let them not waste even a minute in vain.*

- ***Teach them*** *to avoid reading harmful book, magazines, or witnessing harmful movies.*

- ***Positive Thinking :-*** *Inspire children to develop positive thinking - thinking always for something good to happen. This will lead to "Right thinking and Right living".*

- ***Praise In Public*** *:- Do not criticize your friends or outsiders. Correct them in Private, Praise them in Public.*

- ***Do Not Expect Too Much :-*** *No two children are alike. Each one has its own merits and demerits. Do not expect too high standards or progress. Let the child grow in its own speech and intelligence.*
- ***Give Your Time :-*** *The most valuable thing you can give to your children is your time. Help them in their studies and know their aspirations. Encourage them to pursue studies in the field they are interested. Do not force them to choose What you like.*
- ***Hobbies :-*** *Encourage children to be interested in one or two hobbies. This will broaden their thinking and put their time to effective use. Sometimes, this will also help them to earn extra income.*
- ***Meditation :-*** *Teach them to meditate on the Supreme Power, which guides and guards them at all times.*
- ***Oneness :-*** *Explain to your children the oneness of human race. Let them learn that truth is their caste and non-violence is their religion.*

GENESIS, GROWTH AND GLORY OF SCOUTING / GUIDING IN KARNATAKA

R. Chandrasekharan
Former HQs Commissioner (S)
(Publications), Karnataka

Bengaluru the capital of Karnataka state, has the unique distinction of starting the first scout unit in India, back in 1909. It was started by captain T.H. Baker, a Retired Naval Officer, in the premises of the Bishop Cotton Boys School, Bengaluru. He also followed his efforts in forming a Local Association both duly registered at the Imperial HQs. London. Incidentally when a National Association was formed with HQs at Madras (now Chennai) Major Bond was the National Commissioner and Captain Baker became the National Secretary.

As per prevailing circumstances at the time, Indian boys were not allowed to become Scouts and efforts were made to have Scouting among Indian boy's by Dr. Annie Besant, H.N. Kunzru, Pandit Madan Mohan Malaviya, Sri Ram Bajpai and others. By 1916, due to Socio-political changes going on, Hindustan Scouts, National Scout Association, Seva Samithi Scouts were conspicuous with scout activities and even the Rajas & Nawabs of the princely states took a bold step in starting Scouting for Indian boys. Thus Mysore State (now Karnataka) was one of the First states to start Scouting for local boys by an order of the Maharaja of Mysore in 1917. The Boy Scouts of Mysore started with 11 Units and 85 Scouts duly registered during the year 1917-18. Today, the Bharat Scouts & Guides, Karnataka has a strength of nearly 13,000 Units with around 4,50,000 Scouts & Guides. We proudly stand at 3rd place in the country.

In the year 1918, the association allowed starting of open units. One of such units started on 21.12.1918 - Sri Chamundi Scout Group, Bengaluru, is still active, has continous record of achievements and gearing up to celebrate Centenary next year. It will be the first Unit to do so in the country. The unit also has its own den; spacious play ground (named after Sri MHR its founder, hailed as BP of Karnataka as M.H. Ramachandra Rao Vidyavana) a seperate space for the Bengaluru North District Association and a Camping area in the Suburbs. The road in front of the den, about 2 kms length North-South, is named as Chamundi Scout Rasthe.

The same year 1918 the First Scout Masters Course was held at Madras and the famous historian F.G. Pearce was Leader of the Course Sri Sanjeeva Kamath, Director of Boy Scouts of Mysore was on the staff of the course on special invitation.

In the year 1920 and beyond, Dr. Badami, Dr. K.N.V. Sastri and several others of the State contingent Participated at world Jamboree at Arrow Park, Copenhagen, Sang Kannada songs, yells and the Mysore Anthem and spread the fragrance of Kannada language world wide. Kannada yell "Ragi Mudde" rent the air with all participants singing and acting during these Jamborees.

In 1924 All India First Aid Silver Mace Competitions were held at Nandi Hills near Chikballapura.

In 1925 coinciding with the investiture of the Prince Sri Jayachamarajendra Wodeyar and declaring him as Chief Cub, the Cub section of the movement was officially started.

Boy Scouts of Mysore published a comprehensive "Scout Year Book" with reports of the nearly 600 Scout Associations in the country during 1927. It was duly illustrated and depicted the diverse scenerio of the movement in India.

In 1928 Girl guiding started in the State. Boy Scouts of Mysore had a Director at the helm to manage, for the first 5 years and an Organising Secretary for the next 7 years. Names of Sri Irwin, a Canadian Scouter and Sri Sanjeeva Kamath as Directors and Sri C. Subba Rao and Sri A. Vasudeva Rao as Organising Secretaries need a mention, considering the solid ground work they did, for establishing the movement on a firm footing.

In 1929 the organisation set up had an over haul and the Chief Judge of Mysore Justice K.Shankaranarayana Rao was appointed as the Chief Scout Commissioner. He was a scholar, a philosopher and social worker. In 1937 he had discussion time with B.P. In 1940 he went all the way to London to receive the "Bronze Wolf" from the hands of B.P. He served for 14 long years. Major Y.V.K. Murthy, a I^st^ World War veteran and a Doctor by Profession took over as Chief Scout Commissioner in 1943 and served upto 1949. In 1949 Prof. P. Sivashankar an advocate by profession took over as Chief Scout Commissioner. From 1950 to 1953, he was acting State Chief Commissioner.

In 1950 final meeting of the merger (amalgamation) Committee was held in Bengaluru. Technically it was Bharat Scouts in 1950 and after Girl Guide Association joined Bharat Scouts and Guides, India. Bharat Scouts & Guides, Mysore state came into being. With the name of State changed to Karnataka in 1956, it is now Bharat Scouts & Guides, Karnataka. In 1953 elections to the post of SCC were held. Sri J.B. Mallaradhya, IAS took over as the I^st^ elected SCC of the state in 1953 and continued till 1959. It was Sri J.B. Mallaradhya's ingeuinity that the Tenth Mysore State Jamboree (now Jamborette) attended by more than 10,000 Scouts & Guides was organised at Tumkur, the first after a gap of 16 years.

***The 3rd All India Jamboree was held** in a readymade layout with roads, water and*

light facilities at ***the sprawling present day Sadasiva Nagar area of the city*** *at that time called upper and lower palace orchards with mainly mango and other fruit trees.Visit of Lady Baden Powel added lustre to the Jamboree. It broke the record with 10,000 + participants.*

In 1959 Sri P. Sivashankar was elected SCC and served till 1964. Just prior to the Jamboree Sri J.B. Mallaradhya, IAS, passed on the baton of SCC to Prof. P. Sivashankar after elections and Prof. Sivashankar was the Joint camp Chief of the 3rd All India Jamboree.

When Prof. P. Sivashankar goes on to become the Chief Commissioner (S), India. in 1964, Sri Kondajji Basappa was elected as SCC and received the Baton of SCC from Prof. P. Sivashankar. He held the position for 18 long years. Recomoissance survey was held in 1965 and he took personal interest in establishing the present day Kondajji Basappa Scouts & Guides Camping and Training Centre at Kondajji. He was an MLA and later MP. He was a Dy. Minister in the State cabinet and later in Central cabinet also. He was a source of indomitable energy of developing not only the camping centre at Kondajji but also effect endless improvements at Besant Park to make both centres as the best in the country. He was equally responsible for bartering the Girl Guide HQs in the busy, noisy, Sheshadri Road in Bengaluru to the present spacious calm, Shanthi Gruha area on Palace Road and improve upon it. His tireless efforts also led to the development of Scouting & Guiding in the under developed North Karnataka districts and improvements in Kodagu and Coastal districts of Dakshina Kannada and Uttara Kannada.

In 1983, Sri V.P. Deenadayalu Naidu was elected as SCC (due to sudden demise of Sri Kondajji Basappa in November 1982 it fell vacant). Apart from the fact that he continued the good work of his predecessor Sri Kondajji Basappa, he undertook intensive tour of the state. He also held the post of Deputy Chief Commissioner (S) of India and so toured the adjoining States as well.

The crown of his efforts as SCC was the holding of the ***10th National Jamboree in Palace Grounds, Bengaluru.*** *Then Prime Minister of India Sri Rajiv Gandhi, Inaugurated the Jamboree site. He was over whelmed to see the harmony and comraderie prevalent among the 20000 + strong uniformed Youth force living as a family unit inspite of their Regional, Cultural, Linguistic, Ethnic differences and even the contingents from other countries mixing as one. On the spot he announced an outright grant of* ***one crore rupees*** *in the organisation thus mitigating the financial crunch we were subjected to till then. Thus he cleared the decks for a faster and over all development of the organisation from then on.*

Bharat Scouts & Guides, Karnataka felt very proud when our State Chief

Commissioner Sri V.P. Deenadayalu Naidu who was acting as National Commissioner for some time was elected to the highest post of National Commissioner of Bharat Scouts & Guides, India in 1992.

As National Commissioner he brought about a number of structural changes; administrative reforms and laid a firm foundation for qualitative and quantitative improvement.

In 1993 Sri Kondajji B. Shanmukhappa took over as the 7th Chief of the State. A Banker in thought, word and deed he did monumental work in improving the finances of the organisation by creating new and improving on existing assets. He undertook extensive tours of the state to improve the numerical strength. He served a record period of 21 years and held many National and International events in the state. He was the First to recive the Rajyotsava Award during the year 2013 as State Chief Commissioner in the saddle.

In 2014 Sri P.G.R. Sindhia, took over charge as the 8th State Chief Commissioner of the State and with his dynamic leadeship number of events, programmes 27th State Jamborette at Doddaballapur and 17th National Jamboree of Scouts & Guides at Mysuru are organised and conduted successfully.

Apart from the Chief Commissioners of the state serving the movement at National level we have a host of others who have done their bit of service. The persons mentioned are apart from a number of others serving on various Committees and Sub Committees and those who were Vice Presidents and held other posts as well.

***1949-95 :** My Cub Master in Jaya Scout Group, Mysore, Sri R.G. Padki became the founder secretary of the Youth Hostels Association of India with HQs at Mysuru and when the HQs was moved to New Delhi, he also moved with it. He was also Joint National Secretary of the IFSAG (present ISGF) of Bharat Scouts and Guides at Delhi.*

ಸ್ಕೌಟಿಂಗ್-ಗೈಡಿಂಗ್ ಮತ್ತು ಧರ್ಮ

ಶ್ರೀಮತಿ ಎಸ್.ಕೆ. ಪ್ರಭಾ
ಜಂಟಿ ರಾಜ್ಯ ಕಾರ್ಯದರ್ಶಿ
ಭಾರತ್ ಸ್ಕೌಟ್ಸ್ ಮತ್ತು ಗೈಡ್ಸ್ (ಗೈಡ್ಸ್), ಕರ್ನಾಟಕ

ಸ್ಕೌಟಿಂಗ್ ಮತ್ತು ಗೈಡಿಂಗ್ ಒಂದು ಅಂತಾರಾಷ್ಟ್ರೀಯ ಯುವ ಚಳವಳಿ. ಈ ಚಳವಳಿ ಜಾತಿ ಮತ ಧರ್ಮ ಭೇದವಿಲ್ಲದೆ ಎಲ್ಲರನ್ನೂ ಸ್ವಾಗತಿಸುತ್ತದೆ, ಇದನ್ನು ಸ್ಥಾಪಿಸಿದವರು ರಾಬರ್ಟ್ ಸ್ಟೀಫನ್ ಸನ್ ಸ್ಮಿತ್ ಬೇಡನ್ ಪಾವೆಲ್. ಇವರು ವೃತ್ತಿಯಿಂದ ಸೈನಿಕರು ಪ್ರವೃತ್ತಿಯಿಂದ ಶಾಂತಿ ಪ್ರಿಯರು. ಚಳವಳಿಗೆ ಅವರು ನೀಡಿರುವ ಮೂಲ ಸಿದ್ಧಾಂತ ಸರ್ವ ಧರ್ಮಗಳ ಸಾರವಾಗಿದೆ.

ಅವರು ಕ್ರೈಸ್ತಮತಕ್ಕೆ ಸೇರಿದವರು, ದೈವ ಭಕ್ತರು. ನಿಷ್ಠಾವಂತ ಕ್ರೈಸ್ತ ಅನುಯಾಯಿಗಳು. ಅವರೂ ಕ್ರೈಸ್ತ ಧರ್ಮವನ್ನು ಎತ್ತಿ ಹಿಡಿಯಲು ಪವಾಡಗಳ ಅವಶ್ಯಕವಿಲ್ಲವೆಂದು, ಧರ್ಮದ ಅನುಯಾಯಿಗಳು ಸತ್‌ಕರ್ಮ ಮಾಡುವವರಾಗಿ ಕ್ರಿಯಾಶೀಲರಾಗಿರಬೇಕೆಂದು ಹೇಳಿದ್ದಾರೆ. ಅವರು ಸ್ವತಃ ಸರ್ವ ಧರ್ಮಗಳನ್ನು ಗೌರವಿಸುತ್ತಿದ್ದರು. ಆದ್ದರಿಂದಲೆ ಎಲ್ಲಾ ಧರ್ಮದವರು ಈ ಚಳವಳಿಯ ಸದಸ್ಯರಾಗಲು ಸಾಧ್ಯವಾಗಿದೆ. ಈ ಚಳವಳಿಯು ವಿಶ್ವ ಭ್ರಾತೃತ್ವ ಮತ್ತು ವಿಶ್ವಶಾಂತಿಯನ್ನು ಪ್ರತಿಪಾದಿಸುವ **ವಿಶ್ವ ಮಾನವ ಧರ್ಮವಾಗಿದೆ.** ಈ ಚಳವಳಿಯು 100 ವರ್ಷಗಳನ್ನು ದಾಟಿ ಸದೃಢವಾಗಿ ಮುಂದೆ ಸಾಗುತ್ತಿದೆ.

ಲಾರ್ಡ್ ಬಿ.ಪಿ.ಯವರು ವಿವಿಧ ದೇಶಗಳಲ್ಲಿ ಈ ಚಳವಳಿಯನ್ನು ಪ್ರಸಾರ ಮಾಡುವಾಗ ಮೂಲಭೂತ ಸಿದ್ಧಾಂತಕ್ಕೆ ಧಕ್ಕೆ ಬಾರದಂತೆ ಈ ಚಳವಳಿಯನ್ನು ನಿಮ್ಮ ಧರ್ಮ ಮತ್ತು ಸಂಸ್ಕೃತಿಗೆ ಅನುಗುಣವಾಗಿ ಅಳವಡಿಸಿಕೊಳ್ಳಿ ಎಂದು ತಿಳಿಸಿದರು. ಅವರು ಸ್ವತ: ಸರ್ವಧರ್ಮಗಳನ್ನು ಗೌರವಿಸಿದರು. ಆದ್ದರಿಂದ ಸ್ಕೌಟಿಂಗ್ ಮತ್ತು ಗೈಡಿಂಗ್‌ನಂತಹ ಚಳವಳಿಯು ಜಾತ್ಯಾತೀತವಾದ ನಮ್ಮ ರಾಷ್ಟ್ರಕ್ಕೆ ಅವಶ್ಯಕ. ನಮ್ಮ ರಾಷ್ಟ್ರದಲ್ಲಿ ಕೆಲವೊಮ್ಮೆ ಧಾರ್ಮಿಕ ಭಿನ್ನಾಭಿಪ್ರಾಯಗಳಿಂದ ಸಮಾಜದಲ್ಲಿ ಘರ್ಷಣೆಗೊಳಗಾದಾಗ ಶಾಂತಿಗೆ ಧಕ್ಕೆ ಉಂಟಾಗುವುದಲ್ಲದೆ, ಪ್ರಗತಿಗೂ ತಡೆಯಾಗುತ್ತದೆ. ಈ ನಿರಂತರ ಸಮಸ್ಯೆಯನ್ನು ಹೋಗಲಾಡಿಸಲು ಎಳೆಯರಲ್ಲಿ ಪರಸ್ಪರ ಧರ್ಮಗಳ ಗೌರವವನ್ನು ಬೆಳೆಸಿದರೆ ದೇಶದಲ್ಲಿರುವ ವಿವಿಧ ಧರ್ಮೀಯರು ಸಾಮರಸ್ಯದಿಂದ ಪ್ರಗತಿಯತ್ತ ಮುಂದೆ ಸಾಗುವರೆಂಬ 'ಭರವಸೆಯಿಂದ ದಿ॥ ಶ್ರೀಮತಿ ಲಕ್ಷ್ಮಿಮುಜುಂದಾರ್ ರಾಷ್ಟ್ರೀಯ ಪ್ರಧಾನ ಆಯುಕ್ತರು ಗಾಂಧಿಜೀಯವರ ಸರ್ವಧರ್ಮ ಸಮನ್ವಯ ಪ್ರಾರ್ಥನೆಯನ್ನು ಚಳವಳಿಯ ಅವಶ್ಯಕತೆಗೆ ತಕ್ಕಂತೆ ಮಾರ್ಪಡಿಸಿ ಅಳವಡಿಸಿದರು. ಇದೊಂದು ಸುಂದರ ಮತ್ತು ಪವಿತ್ರ ಸಮಾರಂಭ. ಪ್ರತಿಯೊಂದು ಶಿಬಿರಗಳಲ್ಲೂ ಮತ್ತು ಸ್ಕೌಟ್-ಗೈಡ್ ಸಮಾವೇಶಗಳಲ್ಲೂ ಈ ಕಾರ್ಯಕ್ರಮ ಹಮ್ಮಿಕೊಳ್ಳಲಾಗುತ್ತದೆ.

ಎಲ್ಲಾ ಧರ್ಮಗಳಲ್ಲೂ ಸೇವೆಯ ಮೂಲಕ ಪರಮಾತ್ಮನನ್ನು ಕಾಣಬೇಕೆಂಬ ತತ್ವವಿದೆ. ಈ ತತ್ವವನ್ನು ಚಳವಳಿಯಲ್ಲಿ ಬಿ.ಪಿ.ಯವರು ಅಳವಡಿಸಿದ್ದಾರೆ. ಸ್ಕೌಟಿಂಗಿನ ಉದ್ದೇಶವೇ **"ಸೇವೆಗಾಗಿ ಸದಾ ಸಿದ್ಧ"**ವಾಗಿರುವುದು. ಮೇಫ್‌ಕಿಂಗ್ ಯುದ್ಧದಲ್ಲಿ ಬಾಲಕರ ಪಡೆ ಸಲ್ಲಿಸಿದ ಸೇವೆ ಮಾಧ್ಯಮಗಳಲ್ಲಿ ಪ್ರಸಾರವಾಗಿ ಎಲ್ಲರ ಮೆಚ್ಚಿಗೆಗೆ ಪಾತ್ರವಾಯಿತು. ನೂರಾರು ಬಾಲಕರು ಇದರಿಂದ ಪ್ರೇರಿತರಾಗಿ ಬೇಡನ್ ಪಾವೆಲ್ಲರಿಗೆ ಶುಭ ಕೋರುತ್ತಾ "ನಾವು ಏನನ್ನಾದರೂ ಮಾಡಬೇಕು. ನಾವೇನು ಮಾಡಬೇಕು?' ಎಂದು ಕೇಳಿದಾಗ "ದಿನಕ್ಕೊಂದು ಒಳ್ಳೆಯ ಕೆಲಸ" "do a good turn a day"ಎಂದು ತಿಳಿಸಿ, ಮುಂದೆ ಇದಕ್ಕೆ ವಿವರಣೆ ನೀಡಿ ಇದು ನಿಸ್ವಾರ್ಥ ಸೇವೆಯಾಗಿರಬೇಕು, ಪ್ರತಿಫಲಾಪೇಕ್ಷೆ ಇರಬಾರದು, ಅವಶ್ಯಕತೆ ಇರುವವರಿಗೆ ಮಾತ್ರಸೇವೆ ಮಾಡಬೇಕು ಎಂದು ವಿವರಣೆ ನೀಡಿದರು. ಈ ಒಳ್ಳೆಯ ಕೆಲಸದ ಅಭ್ಯಾಸವನ್ನು ಮುಂದುವರಿಸಿ ಸ್ಕೌಟ್-ಗೈಡ್ ಮಕ್ಕಳನ್ನು ಸಮುದಾಯ ಸೇವೆ,

ಸಮುದಾಯ ಅಭಿವೃದ್ಧಿ ಸೇವೆಗಳಲ್ಲಿ ತೊಡಗಿಸಲಾಗುವುದು. ಆದ್ದರಿಂದ ಸ್ಕೌಟಿಂಗ್-ಗೈಡಿಂಗ್ ಯುವ ಜನಾಂಗದಲ್ಲಿ ಸೇವಾ ಮನೋಧರ್ಮವನ್ನು ಬೆಳೆಸುವ ಮಾನವ ಧರ್ಮವಾಗಿದೆ.

ಮಾನವ ಧರ್ಮವೆಂದರೆ ಪ್ರಕೃತಿಯನ್ನು ರಕ್ಷಿಸುತ್ತಾ ಮಾನವ ಸಂಕುಲ ಶಾಂತಿ ಮತ್ತು ಪ್ರಗತಿಯತ್ತ ಸಾಗಬೇಕು ಬದುಕಬೇಕು, "ಬದುಕಲು ಬಿಡಬೇಕು". "ನಗ ಬೇಕು, ನಗಿಸಬೇಕು". "ವಸುಧೆಯೇ ಒಂದು ಕುಟುಂಬವಾಗಿರಬೇಕು". ಇದರ ಹೈಟೆಕ್ ಕಲ್ಪನೆಯೆ ಜಾಗತಿಕ ಗ್ರಾಮ "Global Village"ಇದಕ್ಕಾಗಿ ಎಲ್ಲರೂ ನಮ್ಮ ನಮ್ಮ ಧರ್ಮವನ್ನು ಪಾಲಿಸುತ್ತಾ, ಆರ್ಥಿಕ ಬಡತನ, ದೈಹಿಕ ಬಡತನ ಮತ್ತು ಬೌದ್ಧಿಕ ಬಡತನದಿಂದ ನರಳುತ್ತಿರುವವರಿಗೆ ಸಹಾಯ ಮಾಡಬೇಕು. ಅದುವೇ ನಮ್ಮ ಪರಮಧರ್ಮ-ಸ್ಕೌಟಿಂಗ್, ಗೈಡಿಂಗ್‌ನಧರ್ಮ.

THUS SPOKE LEADERS ABOUT THE JAMBOREE

ಈ ಜಾಂಬೂರಿಯ ವ್ಯವಸ್ಥೆಗಾಗಿ ಕಳೆದ ಒಂದು ವರ್ಷದಿಂದ ತಾವು ವಹಿಸಿದ್ದ ಶ್ರದ್ಧಾಶಕ್ತಿ ಮತ್ತು ಶ್ರಮವನ್ನು ನೋಡುತ್ತ ಬಂದಿದ್ದ ನಾನು ತಮ್ಮ ಸಂಘಟನಾ ಸಾಮರ್ಥ್ಯದ ಫಲವಾದ ಆ ಚರಿತ್ರಾರ್ಹ ಜಾಂಬೂರಿಯನ್ನು ಕಣ್ಣಾರೆ ನೋಡಲಾಗಲಿಲ್ಲವೆಂಬ ಕೊರಗು ಕಾಡುತ್ತಲೇ ಇದೆ.

ಜಾಂಬೂರಿಯ ವ್ಯವಸ್ಥೆಯ ಬಗೆಗೆ ಮಾಧ್ಯಮಗಳು ಮತ್ತು ಜಾಂಬೂರಿಯನ್ನು ಪ್ರತ್ಯಕ್ಷವಾಗಿ ವೀಕ್ಷಿಸಿದವರ ಮೂಲಕ ಕೇಳಿ ನನ್ನ ಹೃದಯ ತುಂಬಿಕೊಂಡಿದ್ದೇನೆ.

ಅರ್ಪಣಾಭಾವ ಮತ್ತು ನಿರ್ವಹಣಾ ನಿಷ್ಠೆಯ ಸೇವೆ ಎಂತಹ ಶ್ರೇಷ್ಠ ಸಾಧನೆಯನ್ನು ಮಾಡಬಲ್ಲುದು ಎಂಬುದಕ್ಕೆ ಈ ಸಲದ ಜಾಂಬೂರಿ ಒಂದು ಸ್ಮರಣೀಯ ನಿದರ್ಶನ ಎಂದು ಹೇಳಿದರೆ ಹೆಚ್ಚು ಹೇಳಿದಂತೇನಲ್ಲ; ವಸ್ತುನಿಷ್ಠ ಸತ್ಯ! ತಾವು ಇದುವರೆಗಿನ ತಮ್ಮ ಸಾರ್ವಜನಿಕ ಸೇವೆಯಲ್ಲಿ ಗಳಿಸಿದ್ದ ಜನ ವಿಶ್ವಾಸ ಮತ್ತು ಅನುಭವಗಳನ್ನೆಲ್ಲ ಜಾಂಬೂರಿಯ ವ್ಯವಸ್ಥೆಗೆ ಬಳಸಿ, ಜಾಂಬೂರಿಯನ್ನು ಸುಗಮವಾಗಿ ಯಶಸ್ವಿಗೊಳಿಸಿ, ಆ ಮೂಲಕ ಕರ್ನಾಟಕ ರಾಜ್ಯಕ್ಕೆ ಘನತೆ-ಪ್ರತಿಷ್ಠೆಗಳನ್ನು ತಂದುಕೊಟ್ಟದ್ದಕ್ಕಾಗಿ ತಮಗೆ ಹೃತ್ಪೂರ್ವಕ ಅಭಿನಂದನೆಗಳು.

I have attended 17th Jamborees (15 AIJ and 2 APRJ). 17th Jamboree was one of the best Jamboree held in India wherein largest number of Scouts, Guides and Adult leaders (above 23000) participated. Physical arrangements were very good especially in lavatory, water and electricilty. Programmes were also conducted satisfactorily. Food agangements for staff members was also good. Jamboree souvenir maintained a good standard and you could publish it during the Jamboree itself, convenor deserves congratulations.

ಒಕ್ಕಲಿಗರ ಸಂಘವು ಜನಾಂಗದ ಸರ್ವತೋಮುಖ ಅಭಿವೃದ್ಧಿಗಾಗಿ 1906ರಲ್ಲಿ ಸ್ಥಾಪಿತವಾಯಿತು. "ಎಲ್ಲಾ ದಾನಗಳಲ್ಲಿ ವಿದ್ಯಾದಾನವು ಬಹಳ ಶ್ರೇಷ್ಠವಾದದ್ದು" ಎಂಬ ಧ್ಯೇಯದ ಅನುಸಾರ ಹಲವಾರು ವಿದ್ಯಾಸಂಸ್ಥೆಗಳನ್ನು ಸ್ಥಾಪಿಸಿ, ಜನತೆಯ ಶ್ರೇಯೋಭಿವೃದ್ಧಿಗಾಗಿ ನಿರಂತರ ಸೇವೆಸಲ್ಲಿಸುತ್ತಿದೆ. ಒಕ್ಕಲಿಗರ ಸಂಘದ ಅಧೀನದಲ್ಲಿ ವಿದ್ಯಾಸಂಸ್ಥೆಗಳು ಹಾಗೂ ವಿದ್ಯಾರ್ಥಿ ನಿಲಯಗಳಿದ್ದು, ರಾಜ್ಯದ ವಿದ್ಯಾರ್ಥಿಗಳಲ್ಲದೆ ಹೊರ ರಾಜ್ಯದ ಹಾಗೂ ಹೊರ ರಾಷ್ಟ್ರದ ವಿದ್ಯಾರ್ಥಿಗಳಿಗೂ ಜ್ಞಾನಾರ್ಜನೆ ನೀಡಲಾಗುತ್ತಿದೆ. ನಮ್ಮ ಸಂಘದ ವತಿಯಿಂದ ನಡೆಯುತ್ತಿರುವ ವಿದ್ಯಾಸಂಸ್ಥೆಗಳು ಮತ್ತು ವಿದ್ಯಾರ್ಥಿ ನಿಲಯಗಳ ವಿವರಗಳು ಈ ಕೆಳಕಂಡಂತಿವೆ. ಒಕ್ಕಲಿಗರ ಸಂಘ ಮತ್ತು ಅಧೀನ ಸಂಸ್ಥೆಗಳಲ್ಲಿ ಒಟ್ಟು ಸುಮಾರು 3000 ಸಿಬ್ಬಂದಿಗಳು ಕಾರ್ಯನಿರ್ವಹಿಸುತ್ತಿದ್ದಾರೆ.

Healthy Lion Dates Syrup
with the goodness of dates and dates seeds!
According to a research report submitted by Hajer Talif - student of London based Cardiff Metropolitan University, it was found that dates syrup has the ability to cure / eradicate diseases caused by bacteria.
His research on the dates syrup traditionally prepared in Basra and South Iraq revealed that dates syrup has more anti-bacterial elements than honey from Mânuka flower making it extremely resistant to bacteria.
Dr. Ara Kanenanian, principal lecturer from the same University, arrived on similar results through lab tests declaring that dates syrup is very healthy and carries anti-bacterial elements.

‘ಹಸುರು’ ವಸ್ತುಗಳನ್ನೇ ಖರೀದಿಸಿ ಮಾಲಿನ್ಯ ನಿಯಂತ್ರಣಕ್ಕೆ ಸಹಕರಿಸಿ

ಹಸುರು ಬದುಕಿನಲ್ಲಿ ಖುಷಿಯಿದೆ; ನೆಮ್ಮದಿ ಇದೆ. ಈ ಭೂಮಿಗೆ ರಕ್ಷಣೆ ಇದೆ

ಏನಿದು ಹಸುರು ಬಳಕೆ?

- ನಮ್ಮ ನಿತ್ಯ ಜೀವನದ ಅಗತ್ಯಗಳಿಗಾಗಿ ದಿನವೂ ಏನೆಲ್ಲ ಖರೀದಿಸುತ್ತೇವೆ.. ಆಹಾರ ಪದಾರ್ಥಗಳು, ಮನೆ ಬಳಕೆಯ ವಸ್ತುಗಳು, ಉಡುಗೆ-ತೊಡುಗೆಗಳು, ಸಾಧನ ಸಲಕರಣೆಗಳು, ವಾಹನಗಳು, ಗ್ರಾಹಕ ಬಳಕೆಯ ಉತ್ಪನ್ನಗಳು... ಇವೆಲ್ಲವೂ ಬಳಕೆಯಾದ ಮೇಲೆ ಎಲ್ಲಿಗೆ ಹೋಗುತ್ತವೆ? ಒಮ್ಮೆ ಯೋಚಿಸಿ. ಮರುಬಳಕೆಯಾಗಿಯೋ, ವಿಷ ಉಣಿಸದೆ ನೆಲದಲ್ಲಿ ಕರಗಿಯೋ ಇವೆಲ್ಲ ವಸ್ತುಗಳೂ ವಿಲೇವಾರಿ ಆಗುವಂತಿದ್ದರೆ ಎಷ್ಟು ಚೆನ್ನಾಗಿರುತ್ತದೆ ಅಲ್ಲವೆ? ಹೀಗೆ ಮಾಲಿನ್ಯವನ್ನು ನಿಯಂತ್ರಿಸುವ, ಪರಿಸರ ರಕ್ಷಿಸುವ, ನಮ್ಮ ಆರೋಗ್ಯವನ್ನೂ ಕಾಪಾಡುವ ಹಾಗೆ ಬದುಕನ್ನು ರೂಪಿಸಿಕೊಳ್ಳುವುದೇ ಹಸುರು ಬಳಕೆ.

ಹಸುರು ಬದುಕಿಗೆ ನೀವೇನು ಮಾಡಬೇಕು?

- ಪ್ರತಿದಿನ ಖರೀದಿಗೆ ಮನೆಯಿಂದ ಹೊರಡುವಾಗಲೇ ಏನು ಬೇಕು ಎಂಬುದನ್ನು ಪಟ್ಟಿ ಮಾಡಿಕೊಳ್ಳಿ; ವಸ್ತುಗಳನ್ನು ತರಲು ಬಟ್ಟೆಯ ಚೀಲವನ್ನು ಇಟ್ಟುಕೊಂಡೇ ಹೊರಡಿ.
- ಖರೀದಿ ಮಾಡುವಾಗ ದೊಡ್ಡ ಅಥವಾ ಮರುಬಳಕೆ ಮಾಡಬಹುದಾದ ಪ್ಯಾಕುಗಳನ್ನೇ ಖರೀದಿಸಿ.
- ಸ್ಥಳೀಯ ತರಕಾರಿ, ದಿನಸಿ ಉತ್ಪನ್ನಗಳನ್ನೇ ಖರೀದಿಸಿ; ಸರಕು ಸಾಗಾಟ ಕಡಿಮೆ ಮಾಡಿದಷ್ಟೂ ಪರಿಸರಕ್ಕೆ ಉತ್ತಮ.
- ನಿತ್ಯಜೀವನದಲ್ಲಿ ರಾಸಾಯನಿಕಗಳ ಬಳಕೆ ಕಡಿಮೆ ಮಾಡಿ. ಬದಲಿಗೆ, ಈಗ ಮಾರುಕಟ್ಟೆಯಲ್ಲಿ ಸಿಗುವ ನೂರಾರು ನಿಸರ್ಗದತ್ತ ಉತ್ಪನ್ನಗಳನ್ನು ಆಯ್ಕೆ ಮಾಡಿಕೊಳ್ಳಿ.
- ಜೈವಿಕ ಇಂಧನದ ಬಳಕೆಗಾಗಿ ನೀವೂ ಮುಂದಾಗಿ; ಪಾಳು ಜಾಗದಲ್ಲಿ, ಬೀದಿ ಬದಿಯಲ್ಲಿ ಜೈವಿಕ ಇಂಧನ ಕೊಡುವ ಗಿಡಮರಗಳನ್ನು ಬೆಳೆಯಿರಿ.
- ಆದಷ್ಟೂ ಪ್ಲಾಸ್ಟಿಕ್ ಬಳಕೆಯನ್ನು ತಗ್ಗಿಸಿ; ತ್ಯಾಜ್ಯಗಳನ್ನು ಮರುಬಳಕೆಗೆ ಕೊಡಿ.
- ಕಚೇರಿಯಲ್ಲಿ ಕಾಗದದ ಬಳಕೆಯನ್ನು ಮಿತಗೊಳಿಸಿ. ಪ್ರಿಂಟ್ ತೆಗೆಯಲೇ ಬೇಕಾದಾಗ ಎರಡೂ ಬದಿ ಬಳಸಿ.
- ಮನೆ-ಕಚೇರಿಗಳಲ್ಲಿ ವಿದ್ಯುತ್ ಬಳಕೆ ನಿಯಂತ್ರಿಸಿ; ಸಿಎಫ್ಎಲ್/ಎಲ್ಇಡಿ ಬಲ್ಬುಗಳನ್ನು ಬಳಸಿ. ಸ್ನಾನಕ್ಕಾಗಿ ಸೌರ ಶಕ್ತಿಯ ವಾಟರ್ ಹೀಟರ್ ಬಳಸಿ.
- ಮನೆಯ, ಕಚೇರಿಯ ಕಸವನ್ನು ವಿಂಗಡಿಸಿ, ಮರುಬಳಕೆಗೆ ಕೊಡಿ. ಗ್ರಾಹಕರಾದ ನಾವು ಕಸವನ್ನೂ ನಿರ್ವಹಣೆ ಮಾಡಿದಾಗಲೇ ಹಸುರು ಬಳಕೆದಾರರಾಗುತ್ತೇವೆ!

ಹಸುರು ಖರೀದಿ
